Assem House, New York Carr, March 5, 1866.

Doctor Ayer, Lowellt I feel it a duty and a pleasure to insorin you what your Carrent Pacnonal has done for my wife. She had been five mouths laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have some for a vice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as the used to be, but is free from her cough, and calls herself well. Yours, with gratitude and regard.

Onsemptives, do not despair till you have tried Aven's CHERRY PROYORAL. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its virtues. — Philodelphia Ledger.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medisine bave been taxed their utsiest to produce this best, most perfect purgutive which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breef and grow distemper, stimulate short disordered or blood: and expel disease. They purge out the four humors which breed and grow distemper, atimulate strength or disordered organs into their natural action, and the healthy tone with strength to the whole system. Not ally do they rure the everyday complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the rehability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute Immensely to the relief of my afflicted, suffering fellow-men. mensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints: —

Costiveness, Bilious Complaints. Rheumstism, Dropsy, Heart barn, Reada he arising from a foul Stomach, Nausca Indigestion, Morbid Inaction of the Bowels, and Pala arising therefrom Flatalency, Lors of Appetite, all Cicerces and Curancous Dis-enses which require an evacuant Medicine, Sersfula or King's Evil. They also, by purifying the blood and stimulating the sys-tem, cure many complaints which it would not be supposed they could reach, such as Deafners, Partial Blindness, Neuralgia and Nervous Trritability, Derangements of the Liver and Kidneys. Goul. and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AVER'S PHIS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid where is for them, and they should have it.
