God has greatly blessed us in many ways. He has given our denomination no inconsiderable amount of worldly wealth. He has employed our instrumentality in the conversion of many thousands of sculs. Year after year the reviving influence has descended on our Churches. Our beloved Institutions of learning have repeatedly shared in the benediction: Shall we not manifest our gratitude? Shall we not sustain and extend our educational enterprise?

I am, Dear Brethren, Yours respectfully, J. M. CRAMP, Corresponding Secretary. To the Pastor and Deacons of the Churches.

Prince Edward Island.

WE copy the following very gratifying piece of intelligence from the N.B. Christian Visitor, of the 7th instant:

REV. J. DAVIS.—This esteemed brother has received a unanimous call from the Baptist church in Charlottetown, P. E. I., to become their pastor, and the cliurch has made an appeal to the N.S. and N. B. Missionary Boards to contribute towards the salary necessary for the support of their pastor elect, £20 currency each. This appeal was urged by arguments so conclusive that the N. B. Board at a meeting held on Monday evening last, cordially responded to the application, and we have no doubt the N. S. Board will do the same.

Under these circumstances the probability is that our Brother will accept the call. We shall exceedingly regret his removal from this province, but if he must go we shall rejoice to know that he is permanently settled in Charlottetown. His age and experience in the ministry, and his acpost. May wisdom from above direct!

We cannot but regard this generosity of our New Brunswick brethren with warm approbation. When the application, re- House (Ward's Hotel) together with some ferred to, comes before the N. S. Mission- other buildings, and a new cottage, the resiary Board, which is not yet the case, we dence of Mr. Symonds were entirely consumare confident they will give it their most ed. favourable consideration. We are glad that there is a probability of Charlottetown being supplied with so able a minister. It is most disastrous for a church to remain any length of time without the regular the Mansion House, was also said to be on fire ministry of the word, especially is this the about the same time. It is well it was discovercase in a populous town where other denominations are regularly provided with preaching. The disadvantage of those so deprived appears in stronger contrast and has a more discouraging effect than in other places. We shall be glad to hear of Mr. D. accepting the call and entering on the extensive field of usefulness there presented. May much success attend his labours!

If our neighbours could supply several of our destitute churches in this province with efficient pastors on similar terms, it would we doubt not be cause of thankfulness and highly acceptable to them.

The Secretary of the Home Missionary Society has handed us communications made to the Board by Rev. D. McKeen and Rev. W. Hall, respecting their Mission on the Island, but as we are desirous of giving them more space than is available this week, for Ward No 6, in place of Mr. W. Jordan who we have been reluctantly compelled to defer declined on account of ill health. their insertion till our next issue. We are glad to see a movement towards our brethren on the Island, and hope that the interest awakened both there and on this side of the be glad for them and the desert shall rejoice lock, 5th, 1 sub. Schools in Halifax.—We are glad to find the Superintendent of Schools, Rev. Dr. Forrestor, is about to pay an official visit to the City. The Teachers' Institute, to be held on Wednesday next, and the Public Meeting in the evening, will bring the state of Schools before the public, and we hope may be beneficial. The want of public interest in the education of the City is most unaccountable. If the burden of sustaining the schools rested on the people generally instead of on the benevolence of private individuals, as at present, we might hope to see a greater amount of effort employed to introduce improvements and to make the schools a credit to the city.

Why should not Halifax be as well supplied with school accommodation and furniture as Truro or Liverpool or several of labor at and around Mira Bay, to the extent of fifth daughter of Amasa Biglow, both of Cornwallis. other places we might name? Yet, we are £20. sorry to say, the capital is several years behind most of our thriving country towns in this respect.

"THE ABSTAINER."-We have omitted to notice before that the Abstainer has made its appearance in an improved form. It has commenced its second year as a semi-monthly quarto of four pages instead of a monthly octavo of sixteen. This will enable its able and talented editor to furnish his readers fortnightly with intelligence concerning the progress of the cause. The friends of temtheir organ, so that the publisher may be remunerated for the additional expense which this change will involve.

THE BAZAAR AT WOLFVILLE.—We are informed that the late effort of the Ladies of Wolfville resulted in raising about £225 which will leave nett proceeds of about £200 to be applied to the Parsonage House.

Fires.

During the past week we have had several fires and alarms of fire. Two only were of a very serious nature.

FIRE IN BARRINGTON STREET. - On Wednesday last at about 7 o'clock in the evening, the building belonging to H. Y. Mott, directly opposite the Post Office, was found in flames, originating from an unoccupied shop, next to that of Mr. Scarfe, Saddler. The fire had made considerable progress before any effectual check could be applied, and it seemed probable at one time that Chalmers' church would be destroyed. The noble efforts of the firemen so soon as they were well at work, made a most effectual stop to the devastation of the devouring element. Mr. Scarfe must be a sufferer to genuine without the signature of a considerable amount. Mr. Mott, the owner was insured to £500. The house was entirely

FIRE AT THREE MILE VILLAGE.—On Thursday about one o'clock a strong and unaccountable smell of fire was perceived in the streets knowledged ability for rightly dividing the word of the city. The wind was blowing strongly of God, a mirably qualify him for the important from the north. Soon the origin was ascertained by parties coming in from the Three-mile House for the fire-engines. No time was lost in their repairing to the scene of conflagation:

The roof of Mr. Crawford's residence hear ed and soon distinguished. If a fire had made but a little further progress with such a breeze, it is doubtful if it would have been extinguished before it had swept a large part of the city.

MRS. HANNEN, NO. 600 FOURTH STREET, SAYS OF DR. M'LANE'S CELEBRATED VERMIFUGE

PREPARED BY FLEMING BROS. OF PITTSBURGH. NEW YORK, May 15, 1852.

A child of mine showing symptoms of worms, I gave it a bottle of Dr. M'Lane's Celebrated Vermifuge which brought away a bunch of worms, numbering, I should judge, about thirty. The child was very sick during the operation, but is now well and hearty.

Mrs. Twist, No. 18 Avenue D, writes under date of August 10, 1852, and says she has been troubled with worms for more than a year, and that she took one bottle of DR. M'LANE'S CELEBRATED VERMI-FUGE, prepared by Fleming Bros., which brought away from her over three hundred worms, big and little. She now believes herself to be entirely free from

The above certificates are from parties well known in this city. If there are any who doubt, they have the names and addresses, and can satisfy themselves by personal inquiry.

Purchasers will be careful to ask for DR. M'. LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS., of PITTSBURGH, PA. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None
