THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR; FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE

HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

- Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of pimples on the face. Two to three bottles will cure the system of ailes. Two bottles are warranted to cure the worst canker in the mouth and stomach. Three to five bottles are warranted to cure the worst case of erysipelas. One to two bottles are warranted to cure all humor in the eyes. Two bottles are warranted to cure running of the eyes and blotches among the hair. Four to six bottles are warranted to cure corrupt and meaning ulcers. One bottle will cure scaly eruption of the skin. Two to three bottles are warranted to cure the worst case of ringworm. Two to three bottles are warranted to cure the most desperate cases of rheumatism. Three to four bottles are warranted to cure the salt rheum. Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have. I know of several cases of Dropsy, all of these aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet ever necessary. Eat the best you can get, and enough of it. DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

A MARVELLOUS REMEDY! For a Marvellous Age!!

HOLLOWAY'S OINTMENT.

The Grand External Remedy. By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by any means.

Erysipelas, Rheumatism and Scrofulic Humours.

No remedy has ever done so much for the cure of disease of the Skin whatever form they may assume, as this Ointment. Scabby, Sore Heads, scrofula, or Erysipelas cannot long withstand its influence. The inventor has travelled over many parts of the globe visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds & Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings and tumours. Professor Holloway has despatched to the East, large shipments of this Ointment to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:—

Professor O. J. Woods' HAIR RESTORATIVE, FOR PRODUCING HAIR ON BALD HEADS, AND RESTORING GREY HAIR TO ITS NATURAL COLOR.

THIS ASTONISHING AND UNEQUALLED PREPARATION HAS NEVER FAILED TO PRODUCE A growth on Bald Heads, when used according to the direction, and turn hair back to its original color, after having become gray and reinstates it in all its original health, lustre, softness and beauty. Removes at once all scurf, dandruff and unpleasant itching, scrofula, eruptions and feverish heat from the scalp. It also prevents the hair from becoming unhealthy and falling off, and hence acts as a perfect HAIR INVIGORATOR AND TONIC.

A gentleman of Boston writes to his friend in New Bedford thus: To your inquiries, I would reply, that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose, and pulled out freely; but I found that before I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen any thing like white hair starting from the roots; and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask. Yours, etc., July 1, 1855.

[From the Boston Herald.] SOMETHING WORTH KNOWING.—By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnston & Stone, Gardiner, Maine, is but one of the many instances that are daily coming to our knowledge, of its wonderful effects. It is so long and so problematical, but a self-evident truth, as hundreds in our community can testify.

GARDINER, Maine, June 22, 1855. DEAR SIR: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. Yours, respectfully, DANIEL N. MURPHY.

Professor O. J. Wood. BROOKFIELD, Massachusetts, Jan. 12, 1855.

DEAR SIR.—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a constant itching tendency with which I have been troubled from childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the pleasure and profit. Yours, truly, J. K. BRAGG. Pastor of the Orthodox Church, Brookfield.

[From the Missouri Democrat.] WOOD'S HAIR DYE.—This admirable article is rapidly improving the hair. No article of a similar kind, now before the public, enjoys a better reputation as a restorative and invigorating hair tonic. Its peculiar chemical qualities have a beneficial effect upon the growth and character of the hair, giving a silky and glossy texture to that which was formerly of a course and dry nature. It has, also, we understand, a tendency to preserve the youthful color and appearance of the hair, and destroying or counteracting the effects of age. With such recommendations in its favor, we hardly perceive how any lady or gentleman should be without so valuable an adjunct to their toilet.
