Abbott's Bitters act most beneficially on the liver, the stomach, and bowels, and in constipation, connected with long continued derangement of the biliary organs, termed bilious dyspepsia, will be found a most wonderful medicine.

For all those of sedentary habits it is the safest and best remedy.

I am constrained to add my testimony of Dyer's Healing Embrocation, a medicine indeed, "of great value." Early last month I was attacked with cholera morbus, which soon prostrated me. Having had another attack of the same complaint, I was induced to try Dyer's Healing Embrocation, and in less than thirty minutes after taking the well. I have since recemmended the Balsam to many first dose I was entirely relieved. Bite of a Rattlesnake cured in five minutes. MESSRS. By giving publicity to this fact in your pamphlet designed for southern and western distribution, and such countries as poisonous reptiles more or less abound, it might serve the cause of humanity, and be the means of supplying an article, the want of which has long
