House or Refuge .- Among the numerous etitions lately presented to the House is one om the Committee of the House of Refuge in this City, a benevolent Institution established some three years ago, for the reformation of mortunate females. We believe it has already been instrumental in several instances in doing good, and we should consider it a very sad thing if such "a door of hope" were closed, as it must be if funds are not forth-coming. The House is carefully and judiciously managed, as the published reports shew, under the matronship of Mrs. Wilson and the superintendance of the Committee, of which W. Lawson, Esq., is Chairman, and the Rev. P. G. McGregor, the efficient and zealous Secretary. We sincerely hepe that the Assembly will hestow a liberal grant for so excellent an object .- Journal.

## New Brunswick.

We perceive by a New Brunswick paper that Carleton is to have a paper of its own. How long will it be before Dartmouth—the Carleton of Halifax, will arrive at this point of civilizauon and advancement?

The N. B. Courier says :- " Mr. Edward Willis proposes to issue a paper on the opposite aide of the harbour, under the title of "The Western Recorder, and Carleton Advertiser and Home Journal." It must be gratifying to the inhabitants of that part of our city to find that among the various evidences of their progress mey are to have that indispensable acquisition ha growing community—a newspaper—and we trust they will sustain it in a respectable

Police OFFICE -The most naticable feature in the police office business of the week, has been the attempt, and failure, of Mr. R. Simonds, to horsewhip Mr. Bellingham, the editor of the Leader, for which the first named gentle was duly fined the sum of five pounds We have no wish to interfere in any quarrel not properly our own, but on public grounds we feel bound to protest against all attempts such as this, to strangle the liberty of the press by means of the whiplash. We also feel bound to tak exception to some of the sentuments expressed by the Police Magistrate before whom the cas was tried, such for instance as, "that Mr. Simonds' conduct was only what might be Potatoes, per bushel, under such provocation;" and "that he would have thought much less gravely of the offence he had met Mr. Bellingham on the street, and given it to him there" - Courier.

#### THE LIVER PILLS.

The Liver Pills of Dr. M'Lane was first used by Alpine, Esq., of Glasgow. him exclusively inchis own practice. So efficacious were they in all cases of Liver Complaint, that they became famous, and attracting the attention of the medical faculty, passed into general use. They act with great certainty and regularity; the patient almost immediately feels the dispersion of his disease, and is gradually restored to health. With some the effect is almost miraculous, frequently experiencing immediate relief, and having for months resorted to drugs and medicines of another description, in vain. Diseases of the Liver are very common in this country, and are often frightful in character. Those who experience any of the premonitory symptoms of this dangerous and complicated disease, should at once procure a box of Dr. M'Lane's Pills, prepared by Fleming Bros., of Pittsburgh, and perhaps, thereby, be saved a world of misery.

Purchasers will be careful to ask for Dr. M'-LANE'S CELEBRATED LIVER PILLS, manufactured by FLEMING BROS., of PITTSBURGH, PA. There are other Pills purporting to be Liver Pills, now before the public. Dr. M'Lane's genuine Liver Pills, also his celebrated Vermifuge, can now be had at all respectable drug stores.
