Ayer's Pills

Are particularly adapted to derangements of the digestive apparatus, and diseases arising from impurity of the blood. A large part of all the complaints that afflict mankind originate in one of these, and consequently these PILLS are found to cure many varieties of disease.

Subjoined are the statements from some eminent physicians, of their effects in their practice.

AS A FAMILY PHYSIC.
From Dr. E. W. Cartwright, of New Orleans.
"Your PILLS are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease."

FOR JAUNDICE AND ALL LIVER COMPLAINTS.
From Dr. Theodore Bell, of New York City.
"Not only are your PILLS admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people."

DYSPEPSIA - INDIGESTION.
From Dr. Henry J. Knorr, of St. Louis.
"The PILLS you were kind enough to send me have been all used in my practice, and have satisfied me that they are truly an extraordinary medicine. So peculiarly adapted to the diseases of the human system, that they seem adapted to work upon them alone. I have cured some cases of dyspepsia and indigestion with them, which had resisted the other remedies we commonly use. Indeed I have experimentally found them to be effectual in almost all the complaints for which you recommend them."

DYSENTERY - DIARRHEA - RELAX.
From Dr. J. G. Green, of Chicago.
"Your PILLS have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses, for bilious dysentery and diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of women and children."

INTERNAL OBSTRUCTION - WORMS - SUPPRESSION.
From Mrs. E. Stuart, who practices as a Physician and Midwife in Boston.
"I find one or two large doses of your PILLS, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients."

CONSTIPATION - COSTIVENESS.
From Dr. J. P. Vaughn, Montreal, Canada.
"Too much cannot be said of your PILLS for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your PILLS affect that organ and cure the disease."

IMPURITIES OF THE BLOOD - SCROFULA - ERYSIPELAS - SALT RHEUM - TETTER - TUMORS - RHEUMATISM - GOUT - NEURALGIA.
From Dr. Ezekiel Hall, Philadelphia.
"You were right, Doctor, in saying that your PILLS purify the blood. They do that. I have used them of late years in my practice, and agree with your statements of their efficacy. They stimulate the excretories, and carry off the impurities that stagnate in the blood, engendering disease. They stimulate the organs of digestion, and infuse vitality and vigor into the system."
"Such remedies as you prepare are a national benefit, and you deserve great credit for them."

FOR HEADACHE - SICK HEADACHE - FOUL STOMACH - PILES - DROPSY - PLETHORA - PARALYSIS - FITS - &c.
From Dr. Edward Boyd, Baltimore.
"DEAR DR. AYER: I cannot answer you what complaints I have cured with your PILLS better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your PILLS afford us the best we have, I of course value them highly."

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Ayer's Cherry Pectoral

Has long been manufactured by a practical chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, and consequently can be relied on as genuine, without adulteration. It supplies the surest remedy the world has ever known for the cure of all pulmonary complaints; for COUGHS, COLDS, HOARSENESS, ASTHMA, CROUP, WHOOPING COUGH, BRONCHITIS, INFANT CONSUMPTION, and for the relief of consumptive patients in advanced stages of the disease. As time makes these facts wider and better known, this medicine has gradually become the best reliance of the palaces of European kings. Throughout this entire country, in every state and city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best of all remedies for diseases of the throat and lungs. In many foreign countries it is extensively used by their most intelligent physicians. If there is any dependence on what men of every station certify it has done for them; if we can trust our own senses when we see the dangerous affections of the lungs yield to it; if we can depend on the assurance of intelligent physicians, whose business is to know; in short, if there is any reliance upon any thing, then is it irrefragably proven that this medicine does cure the class of diseases it is designed for, beyond any and all other remedies known to mankind. Nothing but its intrinsic virtues, and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies have been thrust upon the community, have failed, and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and remarkable to be forgotten.

"Buy Me and I'll Do You Good."
NOW IS THE TIME TO USE THE GREAT SUMMER MEDICINE.

Dr. Langley's Root and Herb Bitters.
Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.—all of which are so compounded as to act in concert and assist Nature in eradicating disease.
The effect of this medicine is most wonderful—it acts directly upon the bowels and blood; by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigour, purifying the blood, cleansing it from all humours, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaints—the main-wheel of so many diseases—Jaundice in its worst forms, all Bilious Diseases and Foul Stomach, Dyspepsia, Costiveness, Humors of the Blood and Skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of Appetite, and all kindred complaints caused by a torpid or diseased Liver, a disordered Stomach, or bad Blood, to which all are more or less subject in Spring and Summer.
If taken in large doses, Fever and Ague may be cured at once. This has become a standard medicine, and is decidedly the best the world ever saw.
Price 25 cts. the pint, and 57½ cts. the quart bottle.
Orders may be addressed to Geo. C. Goodwin & Co., or to G. E. MORTON & CO., Halifax, Wholesale Agents.

COMPLETE DENTAL ESTABLISHMENT.
DRS. MACALISTER & PAINE,
Surgeon Dentists,
49 Granville Street,
(At the Sign of the Golden Tooth.)
RESPECTFULLY announce to their patrons, Friends, and others, that they are fully prepared to treat any case in Surgical or Mechanical Dentistry, in the most approved manner.

ARTIFICIAL TEETH, from one to an entire Set, inserted on the improved "Atmospheric Pressure" principle, without the use of Springs or Claps, or in any other style known to the Dental profession.
Beautiful specimens of PLATE WORK, on Gold and Silver, may be seen at their rooms, which for style, finish, and durability, they believe cannot be surpassed.

FILLING TEETH.—This is the most certain and only sure remedy for Carious or Decayed Teeth. When the operation is performed before the vitality of the tooth is injured its preservation may be regarded as certain.

By the use of a new preparation of Adhesive Gold a tooth is not only arrested from further decay but it is restored to its original form and utility.

CLEANSING TEETH.—There is nothing that will be so sure to destroy the teeth as to allow the tartar to remain around their necks, for it sooner or later works its way under the gums, loosening the teeth and causing their premature loss. The tartar can always be removed, restoring them to their original colour and whiteness.

EXTRACTING TEETH.—Experience has taught them that the best and surest way of Extracting is by the application of well made forceps nicely adapted to the shape and condition of the tooth to be removed. The superiority of their new instruments (manufactured expressly for them) over those in use previously, is acknowledged by all for whom they have operated.

THE BENumbing PROCESS.—By the application of a benumbing agent, the principal Element of which is ice, they are enabled to produce a local insensibility in the region of the tooth to be extracted, thereby rendering the operation painless, or nearly so. This new process has been in practice nearly three years, and they believe is destined to supersede the use of chloroform, which has proved fatal in many instances.

The Proprietors of this Dental Establishment (the largest and most complete in the British Provinces) will always be happy to explain their different methods of inserting Artificial Teeth, and they would here improve the opportunity of returning thanks for the liberal patronage they have received, and hope, by keeping pace with the improvements in the profession, to deserve a share of public consideration, and the continuance of that class of patronage with which they have thus far been honoured.

A MARVELLOUS REMEDY!
For a Marvellous Age!!

HOLLOWAY'S OINTMENT.

The Grand External Remedy.
By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidney, disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthma, Coughs and Colds, by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by any means.

Erysipelas, Rheumatism and Scrofulic Humours.
No remedy has ever done so much for the cure of disease of the Skin whatever form they may assume, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas cannot long withstand its influence. The inventor has travelled over many parts of the globe visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds & Ulcers.
Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings and tumours. Professor Holloway has despatched to the East, large shipments of this Ointment to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.
These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs	Corns (Soft)	Rheumatism
Bad Breasts	Cancers	Scalds
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions	Elephantiasis	Sore-throats
Bite of Mosquitoes and Sand Flies	Fistulas	Skin-diseases
Coco bay	Gout	Scurvy
Chiego-foot	Glandular Swellings	Sore-heads
Chilblains	Lumbago	Tumours
Chapped hands	Piles	Ulcers
		Wounds
		Yaws
