Ayer's Pills

Are particularly adapted to derangements of the digestive apparatus, and diseases arising from impurity of the blood.

AS A FAMILY PHYSIC.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess.

FOR JAUNDICE AND ALL LIVER COMPLAINTS.

Not only are your PILLS admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed.

DYSPEPSIA - INDIGESTION.

The PILLS you were kind enough to send me have been all used in my practice, and have satisfied me that they are truly an extraordinary medicine.

DYSENTERY - DIARRHOEA - RELAX.

Your PILLS have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found.

INTERNAL OBSTRUCTION - WORMS - SUPPRESSION.

I find one or two large doses of your PILLS, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed.

CONSTIPATION - COSTIVENESS.

Too much cannot be said of your PILLS for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint.

IMPURITIES OF THE BLOOD - SCROFULA - ERY-SIPPELAS - SALT RHEUM - TETTER - TUMORS - RHEUMATISM - GOUT - NEURALGIA.

You were right, Doctor, in saying that your PILLS purify the blood. They do that. I have used them of late years in my practice, and agree with your statements of their efficacy.

FOR HEADACHE - SICK HEADACHE - FOUL STOMACH - PILES - DROPSY - PLETHORA - PARALYSIS - FITS - &c.

DEAR DR. AYER: I cannot answer you what complaints I have cured with your PILLS better than to say all that we ever treat with a purgative medicine.

Ayer's Cherry Pectoral

Has long been manufactured by a practical chemist, and every ounce of it under his own eye, with invariable accuracy and care.

Dr. Langley's Root and Herb Bitters.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action.

If taken in large doses, Fever and Ague may be cured at once. This has become a standard medicine, and is decidedly the best the world ever saw.

HALIFAX YACHT CLUB.

AT the adjourned Special Meeting of the Club, held at Mason's Hall on Wednesday Evening, the 11th inst., the Commodore in the chair, the following Resolution (prepared and submitted by Dr. Cogswell, and seconded by Benjamin Wier, Esq., and passed unanimously) was ordered to be published in all the city papers:

Resolved, That the Halifax Yacht Club feel it their duty, on the eve of a Regatta, publicly to express their disapproval of betting in connection with sailing and rowing matches. They beg to remind the public that many popular amusements, designed for the promotion of health and cheerfulness, have fallen into discredit, in consequence of being made an excuse for gambling.

Of these they need only mention horse-racing, which was formerly conducted in Halifax with much spirit, but is now entirely discontinued from the above and other allied causes. They are apprehensive that boat racing may share the same fate, unless sufficient care is taken to keep it true to its original design, as an exercise of noble rivalry calculated to excite a healthy interest in the public mind, and to foster skill in the serious pursuits of a manly and useful life.

The practice of racing for heavy stakes they consider also a species of gambling which they wish to discourage, considering that the amusement (and the increase of bodily vigor attained in qualifying for the races ought to be sufficient to maintain the spirit of competition.
