Many of these valuable Books are very suitable for blood. ,A large part of all the NOTICE. complaints that afflict man-PRESENTS kind originate in one of these, and consequently these PILLS To the reading Community, are found to cure many vari-

eties of disease. Subjoined are the statements from some eminent physicians, of their effects in their practice.

As a FAMILY PHYSIC. From Dr. E. W. Cartwright, of New Orleans. "Your PILLS are the prince of purges. Their excellent

qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease."

FOR JAUNDICE AND ALL LIVER COMPLAINTS, From Dr. Theodore Bell, of New York City.

"Not only are your PILLS admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious com-plaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people."

DYSPEPSIA - INDIGESTION.

THE SUBSCRIBER, having completed his Spring Stock of

Dry Goods, GROCERIES, HARDWARE, Farming Utensils, BOOTS, SHOES, Books, Stationery, Room Paper, &c. &c. &c.

invites the attention of purchasers. Selected with care and offered at low rates. He doubts not that his present Stock will meet the wants and answer the expectations of customers.

They would respectfully tender the following as portion of the list of new Books, just received, Spurgeon's Life and Sermons, 1st and 2nd Series; Grace Truman, Life Pictures, Wisdom Wit and Whims, Ida Horman, Grace Amber, Heroines of History, Life in Israel, Representative Women, &c., &c.

A supply of STATIONARY always on hand: N. B. Wanted Two or Three respectable men to canvass and supply the works of the London Publishing Company.

It

The Grand External Remedy. By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by any means.

Erysipelas, Rheumatism and Scorbutic

No remedy has ever done so much for the cure of disease of the Skin whatever form they may assume, as this Ointment. Scurvy, Sore Heads Scrofula.or Erysipelas cannot long withstand its influence. The inventor has travelled over many parts of the globe visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds & Ulcers. Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores wounds, ulcers, glandular swellings and temours. Protessor Holloway has despatched to the East, large shipments of this Ointment to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can

From Dr. Henry J. Knox, of St. Louis.

"The PILLS you were kind enough to send me have been all used in my practice, and have satisfied me that they are truly an extraordinary medicine. So peculiarly are they adapted to the diseases of the human system, that they seem to work upon them alone. I have cured some cases of dyspepsia and indigestion with them, which had resisted the other remedies we commonly use. Indeed I have experimentally found them to be effectual in almost all the complaints for which you recommend them."

DYSENTERY - DIARRHEA - RELAX.

From Dr. J. G. Green, of Chicago. "Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses, for bilious dysentery and diarrhoa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

INTERNAL OBSTRUCTION-WORMS-SUPPRESSION. From Mrs. E. Stuart, who practises as a Physician and Midwife in Boston.

"I find one or two large doses of your PILLS, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients."

CONSTIPATION - COSTIVENESS.

From Dr. J. P. Vaughn, Montreal, Canada. " Too much cannot be said of your PILLS for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your PILLS affect that organ and cure the disease."

IMPURITIES OF THE BLOOD - SCROFULA - ERY-SIPELAS - SALT RHEUM - TETTER - TUMORS

- RHEUMATISM - GOUT - NEURALGIA.

From Dr. Ezekiel Hall, Philadelphia. "You were right, Doctor, in saying that your PILLS purify the blood. They do that. I have used them of late years in my practice, and agree with your statements of their efficacy. They stimulate the excretories, and carry off the impurities that stagnate in the blood, engendering disease. They stimulate the organs of digestion, and infuse vitality and vigor into the system.

"Such remedies as you prepare are a national benefit, and you deserve great credit for them."

FOR HEADICHE - SICK HEADACHE-FOUL STOM-ACH-PILES-DROPSY-PLETHORA-PARALYSIS -FITS-&C.

From Dr. Edward Boyd, Baltimore.

"DEAR DE. AVER: I cannot answer you what complaints I have cured with your PILLS better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disase, and believing as I do that your PILLS afford us the best we have, I of course value them highly."

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incantious use. These contain no mercury or mineral substance whatever.

Valuable Lands for Sale.

N Improved FARM, and one of the most valuable A Tracts of LAND, in Hants County known as "Cambridge Farm." This property is about tourteen miles from Windsor, is beautifully situated on the Basin of Mines. having a front thereon of about one mile. From this Farm you have in view all the Coast from Horton to Five Islands, being one of the most extensive and beautiful views in Nova Scotia, having Hants, Kings, Cumberland and Colchester all in sight. "he Railroad at Windsor can be reached in less than two hours. The Steamer which is to ply in the Basin of Mines in a few months will pass close by the premises. There is an excellent Cod, Herrivg, and Shid fishery within a quarter of a mile of the House on the Premises. Hundreds of Acres of this Farm can be made equal to Dyke, as a superior quality of mud is al. along its front, and but a short distance to draw it. The FARM contains about NINE HUNDRED ACRES, is capable of making four superior FARMS, and will be sold altogether, or in lots to suit purchasers. The

Mail passes over the Premises twice a week. The above described Property will be disposed of at very reasonable price. Terms, half the amount on

over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases :-

| Bad Legs | Corns (Soft) | Rheumatism |
