LET US REASON TOGETHER.
HOLLOWAY'S PILLS.
Why are we Sick.
It has been the lot of the human race to be weighed
down by disease and suffering. HOLLOWAY'S
PILLS are specially adapted to the relief of the
WEAK, the NERVOUS, the DELICATE, and the
INFIRM, of all climes, ages, sexes, and constitutions.
Professor Hall, who personally superintends the manu-
facture of his medicines, and offers them to a free and
enlightened people, as the best remedy the world ever
saw for the removal of disease.

These Pills Purify the Blood.
These famous Pills are expressly combined to operate
on the stomach, the liver, the kidneys, the lungs, the
skin, and the bowels, correcting any derangement in
their functions, purifying the blood, the very fountain
of life, and thus curing disease in all its forms.
Dyspepsia and Liver Complaints.
Nearly half the human race have taken these Pills.
It has been proved in all parts of the world, that
nothing has been found equal to them in cases of dis-
orders of the liver, dyspepsia, and stomach complaints
generally. They soon give a healthy tone to those
organs, however much deranged, and when all other
means have failed.
General Debility.—Ill Health.
Many of the most despotic Governments have
opened their Custom Houses to the introduction of
these Pills, that they may become the medicine of the
masses. Learned Colleges admit that this medicine
is the best remedy ever known for persons of delicate
health, or where the system has been impaired, as its
invigorating properties never fail to afford relief.
Female Complaints.
No Female, young or old, should be without this
celebrated medicine. It corrects and regulates the
monthly courses at all periods, acting in many cases
like a charm. It is also the best and safest medicine
that can be given to children of all ages, and for any
complaint; consequently no female should be without
it.

**Holloway's Pills are the best remedy known in the
world for the following Diseases:—**
Ague, Rheumatism, Bilious Com-plaints, Fevers of all kinds, Stone and Gravel, Blotches on the Skin, Gout, Head-ache, Indigestion, Colic, Inflammation of the Bowels, Jaundice, Liver Com-plaints, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, King's Evil, Sore Throats, Stone and Gravel, Secondary Symptoms, Tic Douloureux, Tumors, Ulcers, Venereal Affections, Worms of all kinds, Weakness, from whatever cause &c. &c.

There is a considerable saving by taking the larger sizes.
N. B.—Directions for the guidance of Patients in every disorder, are affixed to each Box.

CAUTION—None are genuine unless the words "Holloway, New York and London" are discernible as a water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
JOHN NAYLOR, Halifax,
General Agent for Nova Scotia.
Jan. 2, 1856.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor, health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.
Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these PILLS, and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late labor that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every mirth from his body. See his appetite return, and with it his health; see the new man. See him that was radiant with health and loveliness blasted and too early withering away; want of exercise or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately sorrow, at joy burst with every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.
Have you the less serious symptoms of these dis-temperers, they are the easier cured. Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perse- veringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devil of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for \$1.
Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accom- plishes more by prevention than cure. The coun- less colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.
Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by all Druggists every where.
