

"Buy Me and I'll Do You Good."

NOW IS THE TIME TO USE THE GREAT SUMMER MEDICINE.

Dr. Langley's Root and Herb Bitters.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigour, purifying the blood, cleansing it from all humours, and causing it to course anew through every part of the body.

If taken in large doses, Fever and Ague may be cured at once. This has become a standard medicine, and is decidedly the best the world ever saw.

COMPLETE DENTAL ESTABLISHMENT.

DRS. MACALLASTER & PAINE, Surgeon Dentists, 49 Granville Street, (At the Sign of the Golden Tooth.)

RESPECTFULLY announce to their patrons, friends, and others, that they are fully prepared to treat any case in Surgical or Mechanical Dentistry, in the most approved manner.

ARTIFICIAL TEETH, from one to an entire set, inserted on the improved "Atmospheric Pressure" principle, without the use of Springs or Clasps, or in any other style known to the Dental profession.

Beautiful specimens of PLATE WORK, on Gold and Silver, may be seen at their rooms, which for style, finish, and durability, they believe cannot be surpassed.

FILING TEETH.—This is the most certain and only sure remedy for Carious or Decayed Teeth. When the operation is performed before the vitality of the tooth is injured its preservation may be regarded as certain.

By the use of a new preparation of Adhesive Gold a tooth is not only arrested from further decay but it is restored to its original form and utility.

CLEANSING TEETH.—There is nothing that will be so sure to destroy the teeth as to allow the tartar to remain around their necks, for it sooner or later works its way under the gums, loosening the teeth and causing their premature loss.

The tartar can always be removed, restoring them to their original colour and whiteness.

EXTRACTING TEETH.—Experience has taught them that the best and surest way of Extracting is by the application of well made forceps nicely adapted to the shape and condition of the tooth to be removed.

The superiority of their new instruments (manufactured expressly for them) over those in use previously, is acknowledged by all for whom they have operated.

THE BLENDED PROCESS.—By the application of a blenning agent, the principal Element of which is Ice, they are enabled to produce a local insensibility in the region of the tooth to be extracted, thereby rendering the operation painless, or nearly so.

This new process has been in practice nearly three years, and they believe is destined to supersede the use of chloroform, which has proved fatal in many instances.

The Proprietors of this Dental Establishment (the largest and most complete in the British Provinces) will always be happy to explain their different methods of inserting Artificial Teeth, and they would here improve the opportunity of returning thanks for the liberal patronage they have received, and hope, by keeping pace with the improvements in the profession, to deserve a share of public consideration, and the continuance of that class of patronage with which they have thus far been honoured.

LET US REASON TOGETHER.

HOLLOWAY'S PILLS.

Why are we Sick.

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climates, ages, sexes, and constitutions.

Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia and Liver Complaints.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to those organs, however much deranged, and when all other means have failed.

General Debility.—Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no female should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:—

Table with 3 columns: Ague, Female Irregularities, Rheumatism. Rows include Asthma, Bilious Complaints, Blotches on the Skin, Bowel Complaints, Colic, Constipation of the Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, etc.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of Patients in every disorder, are affixed to each Box.

Sub-Agents in Nova Scotia.—J. F. Cochran, & Co., Newport; Dr. Harding, Windsor; G. N. Fuller, Horton; Moore & Chipman, Kentville; E. Caldwell & N. Tupper, Cornwallis; J. A. Gibbon, Wilmot; A. B. Piper, Bridgetown; R. Guest, Yarmouth; T. R. Paillo, Liverpool; J. F. More, Caledonia; Miss Carder, Pleasant River; Robt. West, Bridgewater; Mrs. Neil, Lunenburg; B. Legge, Mahone Bay; Tucker & Smiths, Truro; N. Tupper & Co. Amherst; R. B. Hestis, Wallace; W. Cooper, Pugwash; Mr. Robson, Pictou; T. R. Fraser, New Glasgow; J. & C. Jost, Guysborough; Mrs. Norris, Casco; P. Smyth, Fort Hood; T. & J. Jost, Sydney; J. Matheson & Co., Bras D'Or.

CAUTION.—None are genuine unless the words "Holloway, New York and London," are discernible as a water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

JOHN NAYLOR, Halifax. General Agent for Nova Scotia. Jan. 2, 1856.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cure such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond anything which men have known before.

By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor,—health courses anew through the body, and the sick man is well again.

They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health.

Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest.

Give him these PILLS, and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean.

Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation or secretion, till they do their office ill.

Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts from every feature.

See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body.

Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Sickness, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat.

Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength.

The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Prepared by DR. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by all Druggists every where.
