But a week a sovereign remedy, one tea-spoonful curing the worst ease in an hour, or at the most, half a day! I have heard of many cases of Dysentery being cured by its use. PARK'S PRICKLY PLASTERS.

They sooth pain; protect the chest; they extract the coagulated impurities and soreness from the system, and impart strength. They are divided into sections, and yield to the motion of the body. Being porous, all impure excretions pass off, and they cannot become offensive, hence can be worn four times longer than any other plasters, and are cheaper at 25 cents than others at 10. Where these plasters are, pain cannot exist. Weak persons, public speakers, delicate females, or any affected with side, chest or back pains, should try them. You will then know what they are. They are a new feature in the science of medicine. All Druggists have them. Take no other. Each Plaster bears a Medallion Stamp and our Signature.
