IMPORTANT TO SHIPMASTERS AND CREWS. Some twenty years since, I was very seriously injured in one of my bips, by coming in contact with the anchor of the ship of which I was second mate. The bruise directions, was entirely cured in about ten days, and have not experienced the least trouble from my complaint since.

Feeling the importance of having this valuable medicine constantly by me, before starting for Europe purchased two large bottles to take with me. While at Antwerp, one of my crew was attacked with a very severe dysentery; I gave him the Pain Killer, and it

cured him in a hurry. On my passage home, with one hundred and sixtyfour passengers, I administered this valuable remedy It affords me pleasure to acknowledge the re- to all who were sick, and none took it without getting ceipt of one pound for this Mission, from "An relief. One lady passenger in particular was troubled with a bad headache, for which she said there was no cure, having been troubled with it most of the time for years. I told her I had a sure remedy, and gave her the Pain Killer, which, to her surprise, did effect the cure she had long sought in vain for. I had as good a medicine chest as ever was put on board a ship, but did not open it, there being no necessity for it-the Pain Killer answering all purposes. And I do most 30th, and 31st; commencing each day at nine take a good supply of this valuable medicine with him on going to sea, as it is so valuable and convenient to The Quarterly Examination of the classes will use in case of wounds or bruises, which are liable to, and frequently do happen to crews on shipboard.

PARK'S PRICKLY PLASTERS.

They sooth pain; protect the chest; they extract the coagulated impurities and soreness from the system and impart strength. They are divided into sections, and yield to the motion of the body. Being porous, all impure excretions pass off, and they cannot become offensive, hence can be worn four times longer than any other plasters, and are cheaper at 25 cents than others at 10. Where these plasters are, pain cannot exist. Weak persons, public speakers, delicate females, or any affected with side, chest or back pains, should try them. You will then know what they are. They are a new feature in the science of medicine. All Druggists have them. Take no other. Each Plaster bears a Medallion Stamp and our Signature.
