

yet an enigma that no one seems able to solve. That it will either ensure freedom to, or satisfy the Italians, is not even pretended; and the population of a great part of the peninsula is moved from its inmost depths with indignation, at what they consider the betrayal of their cause by the French Emperor.

In England the distrust of Louis Napoleon is such that the greatest activity prevails in putting the country into a state of thorough defence. We think the apprehensions are carried to an extreme, and that whatever probability there may be that the maintenance of his immense armies and fleets may compel him to employ them in some scheme of conquest, yet that he would scarcely choose to commence an unprovoked war with such a power as England.

One thing is most evident, that the sudden conclusion of the peace, leaving the Austrians in possession of all their strong defences in Italy, and renouncing the professed object of entering on the war—the deliverance of the country from Austrian rule—has placed him in a wrong position before Europe.

In England, little has been done in Parliament beyond discussions on the War and the Peace, and the questions of their foreign relations.

The vote for the Abolition of Church Rates has passed the Commons by a large majority, but will very likely be swamped in the House of Lords. It will no doubt be finally carried, as every day the necessity is becoming greater, of abolishing the invidious religious distinctions which have so long prevailed in England, and which are, in fact, the relics of Papal power.

We often feel desirous to afford our readers some intelligence of what is transpiring in the numerous Republics of our southern continent, extending from Texas to Patagonia, but it would be something like recording a revolution a week, in one or other of them, not really for the establishment of freedom, but to gratify the rapacity or ambition of some plausible demagogue. In fact the whole of the countries referred to, with the exception of the Brazilian Empire, may be said to be in a state of permanent filibusterism. The most hopeful thing that can be said is, that in some of them Romanism is beginning to lose its hold, and the people are breaking away from the blind and senseless obedience which they have hitherto rendered to their priests.

Stone, Lowell, Mass.

P. K.

We clip the following from the Providence General Advertiser, Sept. 12, 1857:—

At this season of the year, when cholera, cholera morbus, dysentery and other kindred complaints are sure to prevail, everybody should be liberally supplied with Perry Davis' Vegetable Pain Killer. Persons leaving home, whether it be for a day's excursion or a trip to Europe, should be in a condition to place their hands on it at a moment's warning. Many diseases incident to the summer months, which will prove fatal if not immediately checked, can be promptly cured by one or two doses of the Pain Killer. On more than one occasion we have been relieved of intense suffering by the timely use of the above-named preparation.

Sold at Wholesale by GEORGE E. MORTON & CO., AVERY, BROWN & CO., and by Druggists generally.

PARK'S PRICKLY PLASTERS.

They soothe pain; protect the chest; they extract the coagulated impurities and soreness from the system, and impart strength. They are divided into sections, and yield to the motion of the body. Being porous, all impure excretions pass off, and they cannot become offensive, hence can be worn four times longer than any other plasters, and are cheaper at 25 cents than others at 10. Where these plasters are, pain cannot exist. Weak persons, public speakers, delicate females, or any affected with side, chest or back pains, should try them. You will then know what they are. They are a new feature in the science of medicine. All Druggists have them. Take no other. Each Plaster bears a Medallion Stamp and our Signature.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

For Children Teething,

Which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medicinal virtues. We speak in this matter "WHAT WE DO KNOW" after ten years' experience, and PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS IN THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions which, if not speedily remedied, end in death and the SUREST REMEDY in all cases of DYSENTERY AND DIARRHEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from these complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, prevent you from trying this medicine, if timely used. ABSOLUTELY SURE—Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Principal Office, No. 13 Cedar St., New York.

Price only 25 Cents per Bottle.

Sold by Druggists and Merchants everywhere. Aug. 17, 1859.
