

Professors. They indicated an amount of intellect and cultivation, not often brought together in such occasions. The delivery was perfectly unconstrained, and free from hesitation. Some passages were highly finished and elaborate, and displayed an order of talent in the speakers, which must secure for them an elevated position in whatever profession they may enter. We are glad to learn that Five new Students have matriculated from the Academy, and several others have intimated their intention of entering at the next Term.

THE Great Baptist Denominational Anniversaries, which for the present year were held at Cincinnati, Ohio, took place about the middle of last month. They were very numerously attended by delegates from every part of the Union, North and West, as well as by Missionaries from different foreign stations. The divisions in their Councils in reference to the construction and management of some of the principal societies, which have unhappily interfered with their united action for some time past, have in a great measure been healed, and a large amount of unanimity prevailed throughout the various sessions. The chief Anniversaries were those of the Baptist Publication Society, the Foreign Missionary Union and the Home Missionary Society. They all appear to be in full vigor and activity, with increasing public support and sympathy. The revenues of the Missionary Union for the past year amount to upward of \$132,000, enabling them to pay off their debts and provide for the present support of the various Missions in Burmah, India, China, Germany, and other parts. The last revivals have evidently exercised a most wholesome influence on the liberality of the various Protestant Denominations throughout the Union, in supplying the Treasuries of the different Religious and Benevolent Associations.

"EVIL COMMUNICATIONS CORRUPT GOOD MANNERS."—The exhibition in the public prints, especially with those illustrations of Sayers and Heenan are exercising a very pernicious influence on the public feeling with regard to the practise of prize fighting. It is becoming quite common now to see two boys in the streets attempting to imitate those gladiators, and with the usual amount of beating the air endeavouring to cultivate "the art of self-defence." This, begun in play too often becomes a real quarrel, and the passions becoming excited gives the juveniles the desire of showing their courage by doing injury to each others countenances, instead of enduring and forgiving injuries done. We commend the lecture on another page to the attention of our readers.

MARY BUNYAN, THE DREAMER'S BLIND DAUGHTER. A Tale of Religious Persecution. By S. B. Ford. Hall & Beamish, Halifax. Mrs. Ford is already well and favourably known to our readers as the Author of "Grace Truman" and another work from her pen will be hailed with pleasure by her numerous admirers. We have been much charmed with this introduction to the domestic life of the "Immortal Dreamer," and shall if possible feel a double interest in his writings, after reading the beautiful sketches of his faithful wife Elizabeth, the winning and lovely piety of his favourite child, the blind Mary, with the touching simplicity and artlessness which is thrown around the characters of the other children in this book.—It will prove a welcome addition to our Sunday School and Congregational Libraries, and well repay all who give themselves the pleasure of its perusal.

We have received "the first Annual Report of the Society for the promotion of Garden and Poultry Exhibitions." The Committee report that they have had one exhibition in Sept. last, the results of which were very encouraging. There is a balance in the Treasurer's hands of £24 2s. 7d. They announce that they have determined to hold another Exhibition in the month of July next, in the Horticultural Gardens, under the Patronage of his Excellency the Lieutenant Governor, the Vice-Admiral, and the Commander in Chief. We regard these exhibitions as very pleasant and highly beneficial, tending to excite the emulation of Farmers, Florists and Amateurs. We wish the Society every success.

News Summary.

Our latest European intelligence appears so far to confirm the observations in our last number as to the success of Gen. Garibaldi, in his descent on Sicily. There seems no doubt but that his efforts in landing have been attended with success, and that he was in the neighbourhood of Palermo, the capital of the Island, and the principal station of the forces of the King of Naples, with a body of Insurgents and Volunteers from the mainland of Italy, that seriously imperilled the safety of the place, as respects its Neapolitan Ru-

lers. Garibaldi's partizans are also reported to have raised the standard of Revolt in Calabria. As this part of the country borders on the Papal Dominions, it is highly probable that the least degree of success on the part of the Insurgents would be the signal for the immediate subjects of the Pope to follow the example of the inhabitants of the Romagna. A European Conference is still talked of, although we do not see any immediate prospect of its assembling, or any likelihood, in case it should, of any satisfactory solution of the present difficulties that threaten the peace of Europe.

A rumour prevails of a secret treaty having been entered into between France and Russia, as respects Turkey. We think it very improbable that any such treaty exists, or that any such combination of parties is likely to take place.

The Chinese Emperor is said to have refused the terms of a treaty offered by England and France, and that consequently, the allied armies would immediately proceed to open hostilities, most probably to be directed against Peking, the Capital of the Empire.

General Intelligence.

Domestic and Foreign.

8th of June.

Unusual preparations were made for celebrating this the one hundred and eleventh anniversary of the settlement of Halifax, with all due honor. The weather unfortunately marred much of the pleasure of the proceedings, being very misty. A Salute from the Volunteer Artillery at 5 o'clock, A. M., and the ringing of Bells ushered in the day. There were two new features in the programme for the day's entertainment, which distinguished this year's celebration from any which preceded it. We refer to the presentation of a handsome Silk Banner to the Union Engine Company, by his Worship the Mayor, on behalf of the City Council, and the appearance of the Volunteer Companies at the Review on the Common.

The City Council, headed by the Mayor and City Band, and escorted by the Volunteer Engineers arrived on the Parade at 9 o'clock, where the firemen were in attendance to receive them. The gay appearance of the Engines, the richness of the Banner and the bright uniform of our gallant firemen, together with the crowds of citizens who were present, made altogether a very pretty scene. After the presentation, the Engine Company proceeded to the Dock Yard to present an address to his Excellency the Lieutenant Governor, which elicited a suitable reply.

At 11 o'clock a grand Review took place on the Common. There was an unusually large gathering of the people to witness the proceedings. The Volunteers were represented with the exception of the Chebucto Greys, and their appearance compared most favourably in every respect with the regular troops.

All that was needed to complete the enjoyment of the assembled crowds, and the beauty of the scene, was clear and pleasant weather; the mist however continued to thicken till nearly 1 o'clock, when a smart shower coming on, the Volunteers, troops, and people hastily dispersed, changing the Sham Fight in which the soldiers had just been engaged into a general rout for all parties.

There were several Meetings of a social and convivial nature in the latter part of the day, and every thing passed off with much harmony.

Chebucto Marine Railway Company.—We learn that this Company has been organized, under charter granted at the recent session of Parliament. Directors—Robert Bank, jr., Albert Pillsbury, Peter Ross. R. Bank, President; J. T. Wyde, Secretary and Treasurer. It is expected that the present Railway will be in operation on or before the 25th of June. The Company are making arrangements to proceed immediately to build a second Railway. Success to the enterprise.—Journal.

The feeling is very general in the city, that the Post office should be kept open, on Saturday night's until ten o'clock, so as to enable parties to procure their correspondence, coming from the United States and St. John, via Windsor, on the same evening, without waiting until Monday morning. In many instances, parties receiving letters on Saturday evening could communicate answers by telegraph, on the same night, if necessity demanded it.—Ex.

The late severe drouth is like to seriously effect the Lumbering interests of New Brunswick, as well as our own, in consequence of which large quantities of Timber and Logs will not be got to Market this Season. An increased price will follow, as a natural consequence, to those who are fortunate enough to have large stocks on hand.

The first ripe strawberries of the season reached us on the 27th ult. They were picked from the native or wild vine on the 26th by our old friend James F. Hoyt, Esq., of Lequille, near the town of Annapolis.—Bridgetown Weekly Register.

DROWNED.—The dead body of a child, about 7 years of age, was discovered off the Royal Engineers Yard, on Thursday last, by Mr. John Wallace whilst rowing past there. It was subsequently found to be the child of a poor woman living in that neighbourhood, and had been missing since the previous evening.—Rec.

NOTICES.

Nova Scotia Baptist Anniversaries.

CENTRAL ASSOCIATION, at Windsor, on the 16th of June, at 2 P. M.

The Fifteenth Annual Session of the BAPTIST CONVENTION OF NOVA SCOTIA, NEW BRUNSWICK, and P. E. ISLAND, will commence at Sackville, New Brunswick, on Thursday, the 23rd of August, at 2, P. M.

SABBATH SCHOOL CONVENTION—NOTICE.

The undersigned having been appointed by the Central and Eastern Associations of this Province, as a joint Committee for the purpose of organizing a Provincial Sabbath School Convention,—hereby request the Superintendents and teachers of Baptist Sabbath Schools throughout the province,—to appoint two delegates from each School to meet at the vestry of the Baptist Meeting House in Windsor, on Tuesday, June 19th, 1860, at 9 o'clock, a. m., for the purpose of taking such measures as shall be deemed expedient in reference to such organization,—and likewise to send by said Delegates letters containing the statistics of the Sabbath Schools, and such other information as may be deemed of interest.

- Eastern Association: J. E. BALCOM, B. SCOTT, W. ROGERS, W. F. CUTTEN. Central Association: S. W. DEBLOIS, D. M. WELTON, D. W. C. DIMOCK, W. H. HUMPHREY.

Joy to the World!

DEAR SIR:—I feel that it is a duty I owe to suffering humanity that I should give a relation of the great benefits I have derived from the use of Perry Davis's Pain Killer. Last summer I had the misfortune to lose two of my children by that dreadful scourge—the cholera—and in all human probability should have fallen a victim to the pestilence myself if a kind Providence had not provided me help in the hour of need. I first became acquainted with the Pain Killer whilst travelling on the river with my husband. A gentleman passenger had some with him which he recommended in the highest terms as a remedy for cholera. I thought no more of it at the time, but the same night I was attacked by the cholera in the worst form. I resorted to various remedies used to arrest its progress,—but all in vain. I was seized with violent cramps, and my discharges began to assume the same character as did those of my dear children previous to their death. I was looked upon as lost, but all at once thought of the PAIN KILLER. My husband obtained the bottle from a fellow passenger and administered to me a dose. I experienced almost immediately a cessation of pain. The dose was repeated at intervals of fifteen minutes, four or five times, and the result was my complete recovery. I feel confident that I owe my life to the Pain Killer, and only regret that I had not known of its extraordinary virtues earlier, I then might have saved the lives of my dear children.—Since that time I have used the Pain Killer in my family extensively, and the more I use it the better I like it. As a great family medicine, it has no equal.

SARAH SANDERBERRY, St. Louis.

Agents in Halifax.—Geo. E. Morton & Co., Avery, Brown & Co., and Morton & Cogswell. June 6th. 2 w. i.

A Card to the Suffering.

The Rev. WILLIAM COSGROVE, while laboring as a missionary in Japan, was cured of Consumption, when all other means had failed, by a recipe obtained from a learned physician residing in the great city of Jeddo. This recipe has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs, and Colds, and the debility and nervous depression caused by these disorders.

Desirous of benefiting others, I will send this recipe, which I have brought home with me, to all who need it, free of charge. Address Rev. Wm. Cosgrove, 230 Baltic-street, Brooklyn, N. Y. March 28. 3 m.

Ayer's Cathartic Pills.

Are now so well known, it is hardly necessary to recount their virtues. The reputation they have acquired in these provinces is but an example of that which they have now for themselves in almost every section of the Old as well as the New World. Highly complimentary letters have been received from Emperors Kings and high official dignitaries. Statesman Physicians and Clergymen in every land, who have been benefited by their use. These Pills though no curals, may be justly termed an Universal Medicine. High and low, rich and poor in every section of the world acknowledge their Virtues. Purely vegetable in their composition it is believed that they are the best purgative that can be made.

MORTON & COGSWELL, Agents, April 4. —6m.
