

The fact is that the panic is caused by the obscurity in which all political questions are enveloped.

Naples, May 18.—The band of Garibaldi has been attacked at the point of the bayonet, by the royal troops near Calata Fimi, and totally routed.

Saturday Evening.—It is asserted here that the fight at Calata Fimi was not decisive, and that the Neapolitan troops have re-entered Palermo.

Palermo, 16th.—Garibaldi was at Alcamo on the 15th.

A fight had taken place at Liippo, in which the royal troops were repulsed.

Palermo is again in a state of siege. The French troops have arrived.

Naples, May 20.—Bands of insurgents are marching on Palermo.

The proclamation of Gen. Lanzos, concerning an amnesty and the Viceroyalty, has had no effect, and popular manifestations take place repeatedly.

It is believed that Palermo will shortly be evacuated by the royal troops.

CHINA.—Hong Kong dates of March 29, state that Mr. Bruce is to receive a final answer from the Emperor of China on the 10th of April.

It is rumored that a great number of armed Russian merchantmen are now collected at Nicolaeff; also that Russian troops are being concentrated on the east coast of the Black Sea.

THREE DAYS LATER.

Arrival of the Prince Albert.

St. John's, N. F., June 6.—The Galway steamship Prince Albert, from Galway 26th ult., arrived at this port at 5 A. M., yesterday, and sailed for New York this afternoon.

The accounts from Sicily are conflicting. There is nothing decisive relative to the progress of Garibaldi. A despatch says that an attack on Palermo by his forces was considered imminent.

Ship Manor, from Bahia for New York, foundered at sea on the 29th of April. Crew saved.

Neapolitan despatches of the 22nd and 23rd assert that the insurgents were beaten twice, driven from their positions, and pursued by the royal troops, one of their leaders, Rosellina Pato, being killed in the engagement.

The proceedings in the British House of Commons indicate that the government will be unable to carry the Reform Bill through this season, and it is considered as being virtually abandoned.

It is rumored that the Emperor of Russia contemplates visiting Paris soon.

It is stated that the Paris Moniteur is about to publish a speech made by the French Ambassador to Turkey, to the Sultan, which is considered of an alarming nature.

The friends of the Grand Duke of Tuscany continue the agitation for his restoration at Florence. It is reported that the government had seized some important documents containing instructions for the raising of an insurrection in the States of the Church, Calabria, etc.

MISCELLANEOUS.

GARRIBALDI'S PROCLAMATION.—Italians!—The Sicilians are fighting against the enemies of Italy and for Italy. To help them with money, arms, and especially men, is the duty of every Italian.

The chief cause of the misfortune of Italy has been disunion and the indifference one province showed for the fate of another.

The salvation of Italy dates from the day when the sons of the same soil hastened to the support of their brothers in danger.

If we abandon the brave sons of Sicily to themselves, they will have to fight the mercenaries of the Bourbon as well as those of Austria, and of the priest who rules at Rome.

Let the people of the free provinces raise their voice in favor of their brethren who are fighting—let them send their generous youth to where men are fighting for their country.

Let the Marches, Umbria, Sabine, the Roman Campagna, and the Neapolitan territory rise so as to divide the enemy's forces.

If the cities do not offer a sufficient basis for insurrection, let the more resolute throw themselves into the open country.

A brave man can always find a weapon.—In the name of Heaven hearken not to the voice of those who cram themselves at well served tables.

Let us arm. Let us fight for our brothers; to-morrow we can fight for ourselves.

A handful of brave men who have followed me in battles for our country, are advancing with me to the rescue. They always appear at the hour of danger. Brave and generous companions; they have devoted their lives to their country; they will shed their last blood for it, seeking no other reward than that of a pure conscience.

Italy and Victor Emmanuel! that was our battle cry when we crossed the Tessin; it will resound into the very depths of Aëna.

To arms then. Let us by one blow put an end to our secular misfortunes. Let us shew the world that this is truly the land once trodden by the great Roman Race.

G. GARRIBALDI.

Early in the autumn the monument in honour of the Indian hero, Sir Henry Havelock, will be publicly inaugurated at Sunderland.

The King of Sweden and Norway, Charles XV., was crowned at Stockholm on the 3rd.

The Emperor and Empress of the French are making selections from some of the most beautiful specimens of modern Sevres porcelain, which are intended as a mark of attention to the Queen of England.

A fine portrait of the Queen, the gift of her Majesty to the parliament of Victoria, has recently been received in Melbourne, from England. An address of thanks to her Majesty from both Houses of Legislature has been passed in recognition of the gift.

It is stated in a letter from Nice that a petition to the Emperor, praying that the title of Count de Nice may be conferred on the imperial Prince, is being numerously signed in all towns and villages of the country; and that the ladies of the city are signing a similar petition to the Empress.

A CURIOSITY IN LITERATURE.—Mr Fry, of Bristol, is preparing an edition of Tyndale's New Testament, printed at Worms in 1525, from the copy preserved in the Baptist College at Bristol. It is to be an exact transcript of the original, which will be traced page by page, and then lithographed in face-simile.

SAYERS AND HEENAN.—It is the intention of the men to go forthwith on a joint sparring tour previous to which, however, they will take joint benefits in the metropolis. As to the new belts they must be paid for by subscriptions. Sayers will head Heenan's list, and Heenan will do the like office for Sayers.—Bells Life.

A very interesting story is told in the *Moniteur des Sciences* of a horse that died from grief on being separated from another horse with which he had lived long. His disease was called "a pseudo madness brought on by regret at separation from an affectionate companion, and increased by isolation."

FAILING HEALTH OF THE POPE.—The state of the Pope's health is said to have caused considerable anxiety in his immediate circle, and especially amongst the cardinals. It is said that his head is bent, his eye fixed and dim, and that, when giving the benediction, his hand is palsied. It is further rumored that he has been in the habit of taking small doses of strychnine, prescribed by the Italian doctors to excite him mentally, and that he has lost at least two inches of his stature, and walks as in a dream.

THE ATLANTIC TELEGRAPH is not to be abandoned. On Monday, the 14th ult., a deputation of the highest character waited on Lord Palmerston to explain to him the plan in which they feel interested, of taking a line by way of the Faroe Isles, Iceland, Greenland, and thence to the American continent. The chief difficulty, that of the floating ice, seems to be overcome. The object of the deputation was to secure the surveying services of the Government. They ask no guarantee. Lord Palmerston was evidently favourable to the scheme.

THE STATE-AID QUESTION IN VICTORIA.—In the Legislative Assembly at Melbourne, the State Aid to Religion Abolition Bill, introduced by the Government, and the second reading of which was preceded by a call of the House, has been read a third time and passed, with almost perfect unanimity. Not a voice was raised against the measure, and in a House of fifty-four members only five voted against the second reading. The bill provides that the grant shall exist as at present till the close of 1861, and shall then cease. Jews are now for the first time to share in the grant while it exists.

PRESENT TO THE KING OF SARDINIA.—The ladies of Bologna last February opened a subscription, in order to present to King Victor Emmanuel a splendid saddle, which has cost above 2,000l. The poorest women of Bologna have taken part in the subscription, and the saddle was presented on the 1st inst. to his Majesty. It is of red velvet, all embroidered with silver and gold. The bridle, of morocco leather, is adorned with beautiful gold ornaments, and for the front of the horse's head there is a sort of gold brooch, containing three rich jewels—an emerald, a ruby, and a diamond—forming the Italian colours.

MRS. WINSLOW, An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP, For Children Teething,

Which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted speak in terms of highest commendation of its magical effects and medicinal virtues. We speak in this matter "WHAT WE KNOW," after ten years' experience, and PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In all cases where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS IN THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions which, if not speedily remedied, end in death.

We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from these complaints—DO NOT LET YOUR PREJUDICES OF OTHERS PREVENT YOU FROM TRYING THIS MEDICINE, if timely used, it will accompany each bottle unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Principal Office, No. 13 Cedar St., New York. Price only 25 Cents per Bottle. Sold by Druggists and Merchants everywhere. Aug. 17, 1859.
