The Result of the Presidential Election is now fully ascertained. The number of electors of President, equal to the members of both Houses of Congress, is 302; 152 would therefore be a majority.

The South is becoming very violent in its expression of a determination to dissolve the Union. Mass meetings are being held in all parts of the Southern States.

The ultimate result will doubtless be influenced considerably by the steps Mr. Buchanan may take in repressing or encouraging southerners between this and the 4th of March next.

A Distressing Cough Cured.

DEAR SIR—A few weeks since I had a distressing cough; my throat was very sore and inflamed, and I procured a bottle of Perry Davis' Pain Killer of you, and it has entirely cured me.

This may certify, that my wife was for some time very much afflicted with a violent cough, which reduced her so much that she was unable to enjoy a moment's rest, day or night, and by the use of one bottle of Perry Davis' Pain Killer, she was entirely relieved, and now enjoys good health.

The Stain in linen from the use of the Pain Killer is easily removed by washing in alcohol.

The skin is formed with thousands of pores whose office is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry and parched—when it is covered with eruptions—when it is cold and clammy—when there is inward fever or inflammation—it is impossible for the skin, to perform its proper functions.
