## THE CHRISTIAN MESSENGER.

THE N. B. Colonial Presbyterian is greatly in error if he supposes the Messenger would consent to Roman Catholic Separate School grants. Our contemporary seems to have received this idea from the Morning Chronicle. we would remind our New Brunswick friend of the Colporteurs on the Eastern shore of this that he must receive the statements of the Province, under the direction of the Ladies Aux-Chronicle, with regard to the Messenger, with liliary Bible Society. much caution. They are sometimes " largely inaccurate."

## House of Assembly.

A small number of the members have attendwith doing only the merest routine business; some days almost without any.

The Committee rooms have been the only places of interest to politicians. The process of taking evidence is very slow and tedious.

On Wednesday, the Committee to examine the case of Mr. Chipman's election report in his favor.

On Friday the Halifax Water Works Bill delay. was postponed to next session by a vote of 24 to 22.

The Election Committee to try the case of Mr. McLellan, reported that gentlemen eligible and duly returned.

On Saturday the Election Committee in charge of the case of Mr, L. Smith reported favorably to his retaining his seat.

By some combinatiou of circumstances two boxes reached me at once; I then thought it would be difficult to dispose of so much; but it is all gone, and I have ordered some from Rangoon, but failed to get it. The fact is, the Pain Killer is becoming popular in these parts; not only among the natives, but also among the British officers and residents.
