#### FEMALE EDUCATION.

The Executive Committee of the Nova Scoti Baptist Education Society have taken into con sideration the desirableness of establishing a Seminary for Female Education in connection with that Society. They have resolved to call a Public Meeting, in order to ascertain the views of their friends and adopt such measures as may be deemed advisable. The Meeting will be held at Wolfville on Wednesday, Nov 28, at eleven o'clock, A. M. The attendance of the members of the Denomination generally, and especially of Ministers, is earnestly requested.

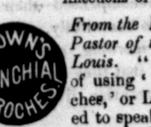

A. S. HUNT, Secretary. Oct. 31 1860.

REQUEST.—The subscriber is desirous of pos sessing the first volume of "The Baptist Mission ary Magazine of N. S. and N. B." It contains the Nos. for 1827, 1828, and 1829. His copy was probably lent some years since, withou being marked in his Memoranda, and, through oversight, it has not been returned. Should the meet the eye of the borrower, he is respectfully requested to return it. As this, however, is improbable, any person owning a copy will confer a special favor by forwarding it, either directly to the subscriber, or to Mr. Selden, Halifax. The price of it, or of any numbers of it that may be sent, will be readily paid.

The subscriber wishes likewise to obtain some copies of a small pamphlet published by him in 1848, entitled "Vindication of the Baptist Translators in India." Any person having a copy of it that he can spare, will please forward as above. CHARLES TUPPER.

DR. J. C. AYER, Lowell-Sir: I am urged by my wife to report to you a cure your Sarsaparilla has made in our family, and as it is the only way in which we can make you any acknow-ledgement of our gratification, I will proceed to state. My little son eleven years old, has had Scrofula sores on his ears neck and arms for five years. They were much of the time very distressing, and we feared they would kill him. At first a swelling would appear, then it would break and make a running sore, which would not heal. They became very loathsome and of would not heal. They became very loathsome and of ten painful: they stopped his growth and seemed to undermine his health, so that he became feeble and sickly. We tried Physicians and Medicines, but they did no good. A clergyman in our neighbourhood, who had seen some remarkable cures by your Cherry who had seen some remarkable cures by your Cherry Peck, to Miss Zebride Rice, both of Hillsburg.

By the Rev. Charles Randall, June 6th 1860, Mr. By the Rev. Charles Randall, June 6th 1860, Mr. Pectoral, advised us to try your Sarsaparilla, and we did. The smallest sores showed symptoms of healing in about two weeks; in two more they had healed, and of Mr. Henry Mullin, all of New Tusket, Clare. in two months the child was as well as any body. He now enjoys perfect health, with no remnant of the disoader about him that we can discover. If you, sir, also by the same, August 18th, Mr. Jacob Why man, of Weymouth, to Mrs. Sarah C.
