A boy named Laffur a short time since escaped from the Reformatory Prison, Isle-aux-Noix to New York State. He returned to Montreal on Thursday, and was recaptured. He says when he got away from the prison he climbed a wall fifteen feet high, and crossed Lake Chaplain on the floating ice.

In Hamilton, on Friday, a woman named Stewart was found dead in her bed, having retired the previous evening in a state of intoxication. In Montreal, on Thursday, a woman named Catharine Welch was frozen to death while intoxicated.

The following paragraphy is going the round of the papers:—

FEMALE MAIL ROBBERS.—A St. Johns, N.F. correspondent of the Boston Traveller, says it has been discovered that Mrs. and Miss Shea, wife and daughter of the chief in the St. Johns Post Office, and two servant girls who lived with them, have made a practice of opening the letters when ever they wanted money, and appropriating the contents. If they found bills of exchange or foreign notes, they destroyed them. In one case, a widow named Woods met with a serious loss. Some of her friends in England sent her a £50 Bank of England note. Mr. Shea not being able to pass it burnt it. Numerous other cases have come to light. The discovery created great excitement, the parties employed being related to some of the high government officials. The four females are imprisoned in the Penitentiary awaiting their trial.

United States.

The sale of remarkable and truly valuable preparation, Perry Davis' Pain Killer, is constantly and rapidly increasing. During the past year the demand for this great remedy has been altogether unprecedented. Scarcely a week passes by during which we do not hear of some remarkable cure having been performed, within the circle of our acquaintance, by the use of the Pain Killer.—Prov. Gen. Advertiser.

SOUTHERN OUTRAGES.—Bayard Taylor, who was invited to lecture before the Young Men's Christian Association at Richmond, has received a letter from the Chairman, withdrawing the invitation, on the ground that he is "connected with the Tribune newspaper, Abolitionism, and Sk-picism."

There is not a single week in which we do not have accounts of the most brutal treatment of business men from the North while pursuing a legitimate and honorable business in the southern States. They are plundered, beaten and imprisoned. Were a citizen of the United States to receive such treatment in Cuba, Mexico or China, the entire power of this government would be speedily exerted in demanding reparation and suitable punishment of the guilty parties.—Christian Era.

A correspondent of the New York Chronicle proposes "that the Baptist churches throughout the country, do set apart some Thursday this month to pray for stingy Baptists, who cannot pay for a religious paper."

The following highly complimentary notice of the well-known firm of J. C. Ayer & Co. is from the pen of a distinguished American Journalist:—

HOW STARTLING ARE THE RAVAGES OF DISEASE!—How small a proportion of mankind live in perpetual health and die of old age! Disease, the insidious destroyer of our race, ever steals upon the anchorage of life, to cut it from its moorings. Ceaselessly it gnaws at the vitals of existence, like a worm in the bud, which, undisturbed, must bring it to decay. With these melancholy facts in view, can we overestimate the importance of such labors as look to the discomfiture of our common enemy? Knowing that we cannot feel warranted in extolling to our readers the enterprise of our distinguished fellow citizen, Dr. J. C. Ayer & Co.

Few, if any, individual interests in the State are larger than this, and surely none compares with it in the vast extent of its operations and the immense importance of them to the well-being of multitudes of men. Their life-long labor has been to devise means of cure for the prevailing disorders of the American people, and their endeavors are known to have the co-operation of the best medical intelligence and skill this age affords. That they have done much for the cure of disease, no fair-minded man will deny; and that the laudable aim of their ambition is to accomplish still more in this work of philanthropy, is justly an object of pride to us, their fellow-townsmen, as well as of congratulation with the suffering sick all around us, and all over the world.

The preparations of J. C. Ayer & Co. (see adv. col's.) are sold by all Druggists and Merchants. The trade supplied by MORTON & COGSWELL, Agents, Halifax. Sept. 21.—6 m.

Messrs. Perry Davis & Son.—Gents.—For more than a year I was afflicted with a troublesome cough, attended with a yellowish frothy expectoration, and great emaciation followed. Whether it was a liver or lung cough I knew not; but there was an incessant tickling sensation in my chest.—Calling one day at the office of the United States Journal, of this city, one of the proprietors strongly recommended me to try your Pain Killer. I sent and got the article, and was helped immediately, and am now well. This was last March. I withhold my address as my family and myself are averse to notoriety. That what I have written is solemn truth, is well known to the proprietors of the Journal. I write under the influence of grateful feeling.

Yours truly, AMICUS.

IMPORTANT TO SUPERINTENDANTS OF SUNDAY SCHOOLS.

It is highly important that Sunday Schools should possess everything which will interest and instruct the young. We would therefore, call special attention to several very valuable maps, &c., published by JAMES CHALLEN & SON, of Philadelphia. Among them we notice "A new map of Palestine, by Rev. Henry S. Osborn, author of Palestine Past and Present." It is from actual and minute surveys, and is the most accurate and correct, as well as the most elegant map of Palestine extant. It contains over 2500 names. (It is beautifully coloured.) Size 30 by 50 inches. Price, sheet \$1.00, book form \$1.50, mounted and varnished \$3.00.

Also, Osborn's map of Seven Miles around Jerusalem. This beautiful map, in seven rich colors, in circles of one mile from the city, gives all the interesting localities within a circuit of seven miles around Jerusalem, and also, the distances and directions of all the important places in Phoenicia. It is an ornament for the parlor as well as the Sunday school room. These maps are very valuable to Superintendents and students of the Bible, and we would advise all who are interested, to address the publisher. March 14th.
