

GRIMROSS CANAL.—Mr. Amos Keith, of Albert County, has obtained the contract for cutting this canal, near Gaagetown, at £3,000.

Thomas Hill, formerly editor of the *Loyalist* and recently of the *Head Quarters*, died in Fredericton on Thursday last. Mr. Hill was a man of undoubted ability as a writer.—*Globe*.

ABUNDANT WHEAT CROP IN THE VALLEY OF THE AROOSTOCK.—The *Aroostock Times* of the 19th inst. says:—

From all sections of the country we hear of abundant crops of wheat, larger than have been known for many years previous. Indeed we think the quantity raised almost sufficient to supply the country. This speaks well for Aroostock, for any community of farmers is bound to prosper that can raise their own bread. We are informed that the crop was unusually good in the town of Amiry this season. Some farmers are threshing and find the yield large. Among them are Messrs. Cole & Davis, who obtained 51 bushels, machine measure, for 2 of sowing. Another, Mr. Chas. Clarke, had 84 bushels from 2 1/2 of sowing. Such crops are worthy of note.

We see no reason why we should not have an equally favorable account from the British side of the line in that neighbourhood. We fear however, that the New Brunswickers there are too much engaged in lumbering and steamdriving to pay much attention to their crops.—*New-brunswick*.

DEPARTURE OF THE PRINCE OF WALES FROM AMERICA.

The Prince arrived at Portland at about 2 p.m. on Saturday, the 20th inst, and embarked at 4. It was blowing half a gale of wind directly in the teeth of the Royal Squadron as it steamed out of the harbor. The Hero, carrying the Royal Standard, led the way followed by the Nile, Flying Fish, and Styx. The Ariadne sweeping gracefully round dropped into line between the Hero and Nile. Salutes were fired from the Ships, and answered from the shore, as they proceeded down the bay. It is described as being a most beautiful sight. The white capped waves dashing and foaming against the noble ships, gay flags of every description fluttering in the breeze, masses of smoke floating like thunder clouds, from the sides of the ships, and along the shores. With the echo of the last gun from shore, died away the homage to Albert Edward, and the adieu of North Americans.

The Styx left the Royal Squadron at sea, the Flying Fish was far astern, and not able to keep up with the others.

PRINCE ALFRED IN SOUTH AFRICA.—Prince Alfred, brother of the Prince of Wales, while on his late visit to the Cape of Good Hope, it is said was escorted round by a troop of lady horse-women, seventeen in number. They were first-rate riders, well-mounted, and wore blue rosettes, with silver anchors. The Prince named them "Prince Alfred's own Body Guards."

SEVERE STORM.—*New York Oct. 20.*—There has been a severe gale for two days, extending south on the Atlantic coast. Several steamers thence are overdue.

Baltimore, Oct. 20.—Norfolk advices state that the storm submerged the lower portion of the city. Great damage.

New York Oct. 21.—The storm has moderated, and there is a heavy fog. Steamships Vanderbilt and City of Baltimore, which anchored at Quarantine yesterday P. M., sailed at noon today.

The Sound steamers, arrived this morning, report a heavy gale and a tremendous sea.

Steamers Plymouth Rock and Connecticut sailed with the Boston passengers last evening, but anchored in Cow Bay, where they remained till this evening. The gale outside is reported very heavy, with fog and heavy rain.

The last Legislature of New York State passed a law that no person having a husband, wife, child or parent shall, by will give more than half his property to any "benevolent charitable, literary, scientific, religious or missionary society, association or corporation, in trust or otherwise."

The cattle train on the Vermont Central Railroad ran off the track at Milton, Vt., last week Monday night, and an engine and nine cars were demolished. Thirty or forty head of cattle, and nearly fifty sheep, were killed.

Movements have been commenced in Baltimore and Boston for the establishment in those cities of asylums for aged men.

It has been well said, that a single year's crop of corn is worth more than all the gold of California. In addition to its other use, it is now found that it produces a clear fluid that burns without odor, without smoke, and is inexpensive, affording a good light in an ordinary kerosene lamp for half a cent an hour. The corn oil is as clear and colorless as water.

The largest raft arrived the other day at Dubuque that ever came down the Mississippi. It contained 1,000,000 feet of lumber, and 950,000 shingles and laths.

Last week, Tuesday, the Republicans carried the States of Ohio by 20,000 majority; Indiana, by 10,000; and Pennsylvania, by towards 30,000. They lost a few members of Congress in Ohio and Pennsylvania.

Three Cuban families are said to own one-sixteenth of the entire real and personal property of the island, and twenty-five thousand slaves.

Sherman Converse, of Monson, has a pear tree which for two years has borne three crops each year.

DEATH OF THE MAN WHO INSULTED THE PRINCE.—*New York, Oct. 18th.*—The Englishman who insultingly threatened the Prince of Wales here, died yesterday with the delirium tremens.

A train of twenty cars loaded entirely with cheese, recently passed over the Connecticut valley line of railroad from Vermont to New York. There were 200 tons of the article and it was all shipped from St. Albans.

The Auburn Prison, New York, during the fiscal year which just closed, has earned a surplus of twenty-five thousand dollars over expenses.

It is proposed to erect a monument at Chicago commemorative of the Lady Egin disaster. A lot has been given in Graceland Cemetery for the interment of the unrecognized lost, and over their remains the monument will perpetuate the story of the disaster.
