PHILADELPHIA, June 13 1157.

Messrs. Perry Davis & Son.—Gents.—For more than a year I was afflicted with a troublesome cough, attended with a yellowish frothy expectoration, and great emaciation followed. Whether it was a liver or lung cough I knew not, but there was an incessant tickling sensation in my chest.—Calling one day at the office of the United States Journal, of this city, one of the proprietors strongly recommended me to try your Pain Killer. I sent and got the article, and was helped immediately, and am now well. This was last March. I withhold my address as my family and myself are averse to notoriety. That what I have written is solemn truth, is well known to the proprietors of the Journal. I write under the inducement of grateful feeling.

Yours truly, AMICUS.

Agents in Halifax.—Geo. E. Morton & Co., Avery, Brown & Co., and Morton & Cogswell. Feb. 22. 2. wi.

The following highly complimentary notice of the well-known firm of J. C. Ayer & Co. is from the pen of a distinguished American Journalist:—

HOW STARTLING ARE THE RAVAGES OF DISEASE!—How small a proportion of mankind live in perpetual health and die of old age! Disease, the insidious destroyer of our race, ever steals upon the anchorage of life, to cut it from its moorings. Ceaselessly it gnaws at the vitals of existence, like a worm in the bud, which, undisturbed, must bring it to decay. With these melancholy facts in view, can we over-estimate the importance of such labors as look to the discomfiture of our common enemy? Knowing that we cannot, we feel warranted in exhorting to our readers the enterprise of our distinguished fellow-citizens, Dr. J. C. Ayer & Co.

Few, if any, individual interests in the State are larger than this, and surely none compares with it in the vast extent of its operations and the immense importance of them to the well-being of multitudes of men. Their life-long labor has been to devise means of cure for the prevailing disorders of the American people, and their endeavors are known to have the co-operation of the best medical intelligence and skill this age affords: That they have done much for the cure of disease, no fair-minded man will deny; and that the laudable aim of their ambition is to accomplish still more in this work of philanthropy, is justly an object of pride to us, their fellow-townsmen, as well as of congratulation with the suffering sick all around us, and all over the world.

The preparations of J. C. Ayer & Co. (see ad. col's) are sold by all Druggists and Merchants. The trade supplied by MORTON & COGSWELL, Agents, Halifax. Sept. 21.—6 m.
