

As the steamer bearing the Royal party, made its circuitous passage through the fleet, each vessel sent forth a perfect shower of rockets and fire-works.

The crowd was so great that it was found impossible for the procession to form. The Prince was therefore taken away to a close carriage and driven to the Russell House, unrecognised by the crowd.

After driving through a few of the principal streets the party took their departure for Chicago.

ITALY.

Garibaldi has addressed the following proclamation to the people of the Neapolitan continent:

"The opposition of the strangers interested in our humiliation and internal factions have impeded Italy from constituting herself.

"To-day, it seems, Providence has put an end to so much misfortune. The unanimity of all the provinces, and the victory which is smiling everywhere on the sons of liberty, are proofs that the evil times of this land of genius draw towards their end.

"A step will remain, and that step I don't fear. If we compare the small means which led a handful of brave men to these Straits with the great means of which we can dispose now, every one can see that the enterprise is not difficult.

"But I wish, nevertheless, to avoid bloodshed among Italians, and therefore turn to you, sons of the Neapolitan continent.

"I have seen that you are brave, and don't wish to see it again. Our blood we will shed together on the corpses of the enemies of Italy, but between us let there be peace.

"Accept that right hand which has never served a tyrant, but which has been hardened in the service of the people. I ask you to help to constitute Italy without the loss of her sons, and with you will serve her or die for her.

HUNGARY.

Although tranquillity continues to prevail in Hungary, it is less to be attributed to the measures taken by the Government than to the perfect unity with which the national movement is organised through the country.

The instructions for this course of action have been given by secret chiefs, and are observed by the masses with an admirable discipline. It is, therefore, believed that unless the Government brings the present crisis to a solution grave complications will result.

THE PAPAL STATES.

ROME, Sep. 2.—It is stated in official quarters that the French garrison at Rome is to be increased by 3,500 men, in order the better to protect the city as well as Civita Vecchia and Viterbo. General Nougé has been appointed commander of the French division.

All political manifestations have been prohibited.

Ancona has been declared in a state of siege, and the Papal delegate has been recalled.

Ponte Corvo and Benevento are also in a state of insurrection.

Agitation likewise prevails in all the provinces.

MISCELLANEOUS.

A KNOWING DOG.—One day this week the collector of assessed taxes in Chesterton had occasion to leave "a tax paper" with a gentleman who has a small, white bull-dog; the paper being, in fact, a notice to tax that animal. No one was at home, but the collector thrust the paper under the door. Glancing at the window, he saw the dog looking steadfastly at him. Dogs are proverbial for their great instinct, and therefore who can affirm that this dog did not know the tax collector, and the nature of the document, which boded no good to him, thus thrust under his very nose? for he deliberately took the paper in his mouth, placed his feet upon the fender, and thrust the objectionable tax-paper into a low fire, and perseveringly held it between the bars of the grate till it was consumed. The collector rattled at the window, and made a noise to induce the dog to bark, that the paper might drop from his mouth but to no purpose.

A letter from an Englishman now at Cherbourg states that no activity prevails in those enormous dock-yards. The ships are lying by, few new ones building, and the great iron-plated vessel, La Normandie, is not within a year of completion. The officers, he says, hold no hostile language towards England, and war seems to be the last thing which anybody dreams of.

PARADISE Female Seminary.

THIS INSTITUTION will commence Tuesday October 9th. INSTRUCTORS. Mrs. Caroline W. Morse—Principal. (Graduate and Teacher at Mount-Holyoke Seminary.) Miss Emma E. Mackins—Music Department.

The course of instruction will embrace the following branches.

JUNIOR DEPARTMENT.—English Grammar, Arithmetic, Geography, History (Ancient and Modern), Familiar Science, Algebra, Elements of Geometry, French and Latin commenced.

MIDDLE DEPARTMENT.—Algebra continued, Eccl. History, Physical Geography, Analysis, Physiology, Nat. History, Nat. Philosophy, Astronomy, Botany, Chemistry, Euclid, French and Latin (Virgils Æneid) continued.

SENIOR DEPARTMENT.—Trigonometry, Rhetoric, Evidences of Christianity, Nat. Theology, Geology, Logic, Mental Philosophy, Moral Science, Butler's Analogy, English Literature, Milton's Paradise Lost French and Latin (Cicero's De Amicitia and De Senectute).

All will attend regularly to Reading Composition and Recitations in Poetry. Instruction will be given in Pencil, Crayon, and Graphical Drawing, Oriental Painting and Music. Board and tuition in all the above Branches (Music excepted) £25 per Scholastic year. Music per quarter £1.

Arrangements are made to admit a large number of pupils, and they will be received at any time, but it is desirable for their own benefit that they should be present as early in the Term as possible. And while they are enjoying the highest advantages for acquiring a thoroughly practical and finished education, together with moral and religious instruction, the discipline partakes more of the social intercourse of the home circle than of the common restrictive rules of the school. MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP, FOR CHILDREN TEETHING.

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS. Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH, that it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years experience. AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS.

Thousands of Cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Gripping in the Bowels, and Wind Colic

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arise from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—Do not let your prejudice, nor the prejudices of others, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac simile of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world.

NEW ADVERTISEMENTS.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blisters, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859. J. C. AYER & Co. Gentl: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with a sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejected to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla). I knew from your reputation that any thing you made must be good. I sent to Chemung for it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I say when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zelimon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Obstruction, Female Diseases.

Dr. J. B. S. Channing of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859. Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Diseases. One of my patients had Syphilis ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfigurement to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Fraternalty yours, G. V. JARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDIANAPOLIS, Preston Co., Va., 4th July, 1859. Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREEMAN.

Julius Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make me as new man of me. I feel young again. The best that can be said of you is not half good enough."

Schicrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Pits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Impipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is needless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
