PROSPECTUS

A NEW SEMI-WEEKLY JOURNAL.

WITH the beginning of the year 1862, the undersigned purposes commencing the publication of a new Semi-weekly newspaper, to be devoted to Politics, Literature, Agriculture, Commercial, and General Intelligence.

As to its political tone, the undersigned will only say to those who have been in the habit of reading the Acadian Recorder, that the new journal will conform in its general tone to that which characterized the Recorder during the eight years—nearly—in which the latter was under his editorial management.

In the management of the new journal he will, however, be more free to act in accordance with his own ideas of editorial judiciousness. On this head, he will only say further, and for the information of the general public, that the substantial interests of the British American Colonies, rather than the petty squabbles of local factions, in which the public welfare is not materially involved, will receive the most constant consideration and careful discussion; and that whilst, in what relates to disputes between rival political parties, it is not promised that neutrality will ever be the policy pursued, every effort will be made to maintain always an attitude of strict independence and impartiality; and that, whilst no party will receive a blind support, towards none will there be exhibited a factious opposition.

In the other departments of the projected journal, every possible pains will be taken to make it combine instruction with amusement for both the town and country reader; to furnish the latest news, both foreign and domestic, down to the hour of publication; to make the paper a reliable medium for commercial intelligence; and to render it worthy the commendation and support of the general reader.

It is proposed to issue the paper every Wednesday and Saturday evening. It will be printed on a sheet somewhat larger than that of any of the tri-weekly papers published in Halifax; and will contain more reading matter per week than is now furnished by any journal published in Nova Scotia. The subscription money will be fifteen shillings a year, if paid in advance, or within three months from the commencement of the year; twenty shillings, if not paid until after the expiration of three months.

Subscribers' names may be forwarded to the undersigned, at his office, Granville street, third door south of Prince street. P. S. HAMILTON.

New kind of Teeth. COMPLETE DENTAL ESTABLISHMENT. No. 54 Granville Street.

DR. MACALLASTER is now using a new kind of Artificial Teeth, which surpass any that have ever been used in this Province. They differ from those formerly used in many respects—they are more natural, have none of that glossy artificial appearance which is so readily detected. He would respectfully inform those desirous of having Dentistry done that he never was better prepared to do good work than now. After a successful practice of his profession in this Province for four years, the great increase of his business, goes to show the confidence that the public have in his abilities to manufacture and insert Artificial Teeth.

He would also call attention to the great importance of FILLING TEETH.

This part of Dentistry is too much neglected by the public. In almost all cases persons wait until their teeth ache, which they should not do, but should have their teeth examined every six months if possible, and filled while the cavities are small; by so doing the teeth are restored to health, and made equally as good as before decayed. Many years of constant practice, and by the particular attention Dr. M. has paid to this branch of Dentistry, he is fully competent to make gold fillings, large or small, in the best manner possible.

All operations in Dentistry—such as filling, extracting, and cleansing, done in a skillful manner. The Complete Dental Establishment, 54 GRANVILLE STREET, HALIFAX, N. S. One door north of Dr. Black's and near the Baptist Chapel. Nov. 27th.
