

Death of Dr. Harding.

WINDSOR, April 29, 1861.

Dear Brother Selden.—Dr. Harding died this morning at 4 past 1 o'clock. He was struck with paralysis on Saturday afternoon, while walking in his garden, and survived the stroke about 36 hours. We have met with a great loss, but our loss is his gain. May God sanctify the event to the good of his bereaved family, and the Church of which he was an honored and useful member, and the community in which he spent a considerable portion of his life, and in which he was profoundly esteemed by all.

D. M. WELTON.

SONS OF TEMPERANCE.—The Grand Division held their Quarterly Session at Paradise on Wednesday last. A very large number of Delegates assembled. About 40 new representatives were initiated. The meetings were characterized by the greatest unanimity in the great work of the Order. We were glad to learn that no liquor is sold in Paradise! On each side however there are parties dealing out death and destruction. The brethren were entertained most cordially, and will not soon forget their visit to Paradise, the residence of the Grand Worthy Patriarch—Avar Longley, Esq.

Davis' Pain Killer.

No medicine is more prompt in its action in cases of Cholera, Cholera Morbus, &c., than Perry Davis' Pain Killer. It is the acknowledged antidote which seldom fails if applied in its early symptoms. No family should be without a bottle of it always on hand.

The stain on linen from the use of the Pain Killer is easily removed by washing it in alcohol. Davis' Pain Killer seems particularly efficacious in cholera morbus, bowel complaints, and other diseases to which the natives of Burmah, from their unwholesome style of living, are peculiarly exposed. It is a valuable antidote to the poison of Centipedes, scorpions, hornets, &c.

Rev. J. Benjamin, late Missionary in Burmah, sold by druggists and all dealers in family medicines.

Sums will be reported as received, unless otherwise requested. W. H. HUMPHREY.

Halifax, April 29, 1861.

CORRECTION.—We are requested by Mr. Warren L. Parker, licentiate, to correct an error in the notice of his Mission to Sherbrooke, (C. M. March 27th, page 101). Instead of "baptized three," it should have said "Three were baptized." It is probable that the transcription was made in our office.

ERRATA.—In C. M. April 17th, "Critics," &c., paragraph 3rd, for "precedes these texts," read "perade, &c.," paragraph 4th, for "Prov. xv," read "John xv."

May 1.

Have you a Cough?

Then use JAYNE'S EXPECTORANT. Do not allow your cold to take its own course. Two thirds of the victims of consumption owe their afflictions to the fatal mistake of "waiting for a Cough to get well of itself." Do not fall into this error, but avail yourself at once of a remedy which thirty years' experience has demonstrated is certain to promote a speedy cure.

Have you Asthma or Phthisis.

Then use JANE'S EXPECTORANT, which will overcome the spasmodic contraction of the wind tubes, and cause them to eject the mucous or matter which belags them out and by an easy and free expectoration, remove all difficulty of breathing.

Have you Bronchitis?

Then use JAYNE'S EXPECTORANT. This widespread disease, which may be generally described as an inflammation of the fine skin which lines the inside of the wind tubes or air vessels, spreading through every part of the lungs, is often mistaken for Consumption. The Expectorant subdues this inflammation, relieves the attending cough, pain, and difficulty of breathing and, if the case is not of too long standing, certainly produces a cure.

Have you Consumption?

Then use JAYNE'S EXPECTORANT. It cleanses the lungs from all irritating matters, while at the same time it heats and invigorates them. Of all the remedies which have been offered the public for this dread disease, none have stood the test of time or maintained so universal a popularity, as this Expectorant. Thousands who have been given up by their physicians as incurable have been restored to perfect health by its use, and their testimony must carry conviction to all who read it.

Have you Pleurisy?

Then use JAYNE'S EXPECTORANT. By taking two or three large doses in the early stages of the disease, in quick succession, and covering up warmly in bed, this preparation acts as a sudorific or sweating medicine, and subdues the inflammation at the outset.

Have you Hooping Cough?

Then use JAYNE'S EXPECTORANT. There is no remedy which so effectually overcomes this disease as the Expectorant. What parent can witness the sufferings of his children from this distressing complaint without doing all in her power for their relief? What medicine so pleasant to the taste, or so certain to produce immediate benefit? Give it a trial, then, and let it prove its efficacy.

Have you Croup?

Then use JAYNE'S EXPECTORANT. Children are subject to no disease more sudden in its attacks, or, in the absence of prompt relief, more fatal in its results, than Croup. Parents, therefore, should keep at hand a remedy sure and through. Such a remedy may be found in the Expectorant, and every careful mother will keep a supply by her.

Jayne's Expectorant.

It is a standard medicine for all PULMONARY COMPLAINTS. For twenty-five years it has been before the public, and during this period its curative powers have been testified to by all classes of people in all quarters of the world. Physicians, clergymen, lawyers, merchants and mechanics have experienced its remedial effects, and their testimony may be found at length in our Almanac. To their convincing certificates we would refer the doubting.

This EXPECTORANT and all of Jayne's Family Medicines, are sold by BROWN, BROTHERS & CO., Ordinance Square, Halifax, of whom may also be obtained, gratis, Jayne's Medical Almanac and Guide to Health containing besides a carefully arranged Calendar, a catalogue of Diseases with the symptoms by which they may be known, and the remedies adapted to their cure.
