Letter from Burmah.

My Dear Messenger,-

Good news! Eighteen Burmans baptized and received into the Church of the Redeemer!

About one day's journey from Henthada is a village, or rather a number of small villages, called Setpidon. This region, though very much nearer Henthada than Rangoon, yet being officially connected with the latter, is part of the field occupied by the missionaries and native preachers connected with the Rangoon mission. Mr. Ingalls, with several assistants, had been laboring at Setpidon about two months, when evident marks of what, in America, would be called a Revival, began to manifest themselves. Hundreds attended the daily preaching and prayer-meetings, and continued for hours at a time listening and seeking instruction. About a fortnight since, Mr. I. wrote, requesting me to come and see those who had asked for baptism. This was a summons I joyfully obeyed. Arrived at Taingdau, where, you know, the Assistant supported by the St. John Brussells Street Ju. venile Missionary Society, is stationed, I found three young women who had been enquirers for some time, prepared to solicit baptism. Upon a strict examination they were approved, and baptized on Sunday, March 17th, in presence of a large assembly of heathen. I then proceeded with Mr. Ingalls to Setpidon, arriving there the 19th of March. The following days, until Saturday, 24th, were spent in examining and instructing the applicants for baptism, fifteen in number, and in preaching the gospel to the people in almost constant attendance at the zavat. The candidates all impressed me, more perhaps than any I have previously seen in Burmah, with their earnestness and sincerity and true appreciation of the nature of salvation through Christ. There were eight women and seven men. Among the former was one 70 years old, whose legs and arms were completely paralysed. She was of course perfectly helpless, and quite dependant upon the attention of a son and his wife. This poor old woman received the Gospel with all her heart, and cast herself wholly upon the merits of the Saviour. At first we feared it would not, on account of her infirmity, be possible to baptize her. When the old woman knew that we thought we could not grant her request, she burst into tears, and it seemed to make her so sad to think she could not follow in her Lord's footsteps, that we determined to so arrange that her wish might be satisfied. Accordingly she was carried into the water, and she not manifesting the slightest trepidation, the ordinance was effected with the greatest ease. On being carried out of the water, she clasped her hands, and her face beaming with joy, cried, "Now Lord call me, now Lord call me." She felt a peace of mind in having obeyed the Lord's command, which, she would not have enjoyed had she acquiesced in our opinion that she could not be baptized

without danger. Thus, in this and the neighboring district of Setpidon and Thouggai, there have been baptized since the beginning of the present year, twenty-nine, and judging from present intimations, it does not seem too much to hope that in the ensuing three months that number will be more than doubled. How easily all difficulties vanish when God works by His Spirit!

While the convulsions in America threaten to deprive us of much material aid-may those in the Provinces who are not affected by the storm, continue to send on help.

Yours faithfully,

ARTHUR R. R. CRAWLEY.

MRS. ANN BROWN.

At St. Croix Cove, Granville, Mrs. Ann Brown, relict of the late Mr. George Brown, of that place, in her eighty-ninth year.

Mrs. Brown experienced religion in early life, bat through diffidence never united with the Church by baptism, yet it was evident to all who knew her, that her heart was toward the Lord God of Israel. She was subject to n any fears, yet at times could triumph over them through faith in Christ, her Redeemer. She died in peace April 18th, 1861, and was buried in hope of a blessed resurrection.

MRS. ATHALINA MITCHEL.

Died at Chute's Cove, Granville, April 7th 1861 aged thirty-four years, Mrs. Athalina, wife of Mr. James Mitchell, and daughter of Deacon John Brint.

REVIVAL At St. ANDREWS .- We rejoice to know that our esteemed Brother Thomson has had much encouragement in his pastoral labors of late. A recent note from him says :-

"God is still favouring us with droppings from his holy mountain. I met nine enquirers last evening, in different stages of progress, some ready to obey, others praying for more faith; they are all young men and youth. I consider them a very hopeful class, and trust I shall see them all put on Christ ere long.—N. B. Vis.

Latest from Europe.

Our European news is up to the beginning of the month. Europe was never known to be in the same position as at the present moment. Although no actual warfare is going on, yet nearly every Government is in a state of armed preparation, as if for immediate conflict. The armies of France, consisting of four hundred thousand fighting men, with a Navy in proportion, keep England ready for an encounter at any moment the spirit of destruction may prompt those worshippers of G!ory, headed by their crafty Ruler, to attempt revenge for the humiliation of Water-loo. Still, strange to say, treaties of mutual commerce of the most liberal kind, are being negotiated between the two countries.

The Emp ror of Austria, hitherto one of the most bigoted and exclusive Governments in Europe, forced by the advancing progress of the times, and especially by the disturbed state of Hungary, which forms the largest part of his dominions, has just initiated a representative Government, and proclaimed religious freedom throughout his dominions. Whether it is not too late to stop the tide of revolution which has been threatening him for some time past, time only can shew. Hungary is in an almost insurrectionary state. Beside this, nothing but the exhausted state of the Austrian Treasury, and the yet unsettled condition of the new Kingdom of Italy,
