ation itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous overian lumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Saraaparilla as the last resort before cutting, and it proved effectual. After taking your remody eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859. Dz. J. C. Ayzn : Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his month. Your Sarsaparilla, steadily taken, cured him in five weeks. 'Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla : the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her boncs. They had become so sensitive to the weather that on a damp day she suffered ex-cruciating pain in her joints and bones. She, t.o, was cured entirely by your sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these touly remarkable results

with it have not surprised me. Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gont, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859. DR. J. C. Arin: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which battled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I'tried your Sansaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes : "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down mar for some years from us other cause than derangement of the Liver. My beloved pastor, the Fey, Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you and any thing you made was worth trying. By the bless ing of God it has cured me, and has so purified my blood as to make a new man of mo I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation o the Bones.

A great variety of cases have been reported to us when cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admi them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia

Many remarkable cures of these affections have been made by the alterative power of this medicines. It stimu-lates the vital functions into vigcrons addres, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.
