

A Resolution was offered in Congress on the 5th, requesting the committee on the judiciary to enquire of a telegraphic censorship of the press has been published in Washington.

WASHINGTON, Dec. 6.—Documents from the State Department disclose the important fact that Government now occupies the same position it held in reference to foreign powers at the beginning of the rebellion.

It is stated that England entertains no sympathy for the United States.

France had not been cordial, but less offensive than England. Russia friendly. Holland disposed to follow the lead of England.

The message of Governor Letcher, of Virginia, urges forward movements of rebels. Says that the bank of the Potomac is not the place to fight, but the banks of the Susquehanna.

BOSTON, Dec. 7th.—It is reported that the rebel forces on the Upper Potomac are making preparations to retire.

General Wool has asked the Federal Government for a sufficient force to enable him to make a demonstration against Richmond.

It is stated that there is every prospect of driving the Rebel army of Kentucky into Tennessee.

Three Rebel steamers were recently captured off Mobile.

The blockade of Savannah is now complete.

REVIEW AT WASHINGTON.—A grand review of the army of the Potomac was held last week at Bailey's Cross Roads. Seven full divisions were present, giving an aggregate of seventy-six regiments of infantry, seventeen batteries, and seven regiments of cavalry. The entire body of troops assembled was about 70,000. The army was reviewed by the Commander-in-Chief in presence of the President and Cabinet, and the representatives of the foreign governments.—The military display of the occasion exceeded every thing of the kind that has ever occurred on this continent.—W. & R.

The other night Gen. McClellan astonished his Staff and messengers by giving them a night ride through the different encampments. He started at 8 o'clock in the evening, and did not return to his quarters till 4 in the morning.

The Provost-Marshal of Baltimore made an important seizure last week—no less than the entire establishment known as Miller's Hotel, situated at the corner of German and Pacer streets, in the western part of city. The object of this movement is the breaking up of a regular mail communication with the rebels in Virginia, which is believed to have been carried on by some of the employees of the establishment. A number of letters were seized, and two arrests were made.

CONSIDERATE.—It is gratifying to know that the National soldiers now confined in the Southern prisons, are by permission of the rebels to receive clothing and blankets, from the Federal Government sufficient to keep them in comparative comfort during the coming cold weather.

DONT THEY WISH THEY MAY?—An informal meeting of dry-goods merchants, having claims against Southerners, was held at the Astor House in New York last week. A resolution was adopted, appointing a committee of five to draft a memorial to the President of the United States asking him to request Congress to provide some way in which to collect Southern debts.

The steamer *Stepping Stones* ran the rebel blockade on the Potomac twice last week, without being fired on by the rebels. She took seventy-five contrabands to the Washington navy yard.

THE STONE FLEET.—A fleet of twenty-five or thirty ships sailed from New London on the 20th ult., towards the South. These are old whaling vessels of a total tonnage of 8376 tons or an average of 335 tons each, double-decked and loaded with stone, to be sunk at the mouths of the Southern harbors. A hole is bored in the bottom of each vessel with a lead pipe 5 inches in diameter, so arranged as that it may be removed and let the water in and sink the vessel in 20 minutes. The crews consist of six men in each vessel who will put them in position and abandon them when down to the water's edge.—The *Examiner* says that this will be regarded as a shabby Yankee trick by the Charlestonians, and will excite the intensest disgust in Savannah.—It will take the chivalry a long time to "blow" this fleet "out of the water." Meanwhile, the Government will quietly open fortified ports at Port Royal and Brunswick, cities for trade will spring up, and "grass will grow" in Charleston before it does in Wall street.—Southern predictions to the contrary notwithstanding.

The channels to the latter harbor are but about 12 feet greatest depth. The sand too is continually shifting so that a permanent bar will be thus formed. The extensive commerce of that city will consequently be entirely destroyed by this means.

A WARNING.—A sad accident occurred in Harvard, Mass., Thanksgiving Day, which cast a gloom over the whole town. Four boys, from twelve to fourteen years of age, were skating on the mill-pond of E. A. Winslow, and had proceeded about one or two rods from the shore, when the ice gave way, and all were precipitated into the water. Monroe succeeded in reaching the shore, but the others sunk and were drowned.

SINGULAR CONCEALMENT.—A detective expedition on the lower Potomac has, among other discoveries, unearthed fifty Sharp's rifles buried in a newly-made grave in a Catholic cemetery near Leonardtown, wrapped in flannel, in a coffin-shaped box. Their whereabouts was made known by one who witnessed the "mysterious funeral."

WHAT A Miss!—We understand that Cap. Coxetter, late of the privateer *Jeff Davis*, was on board the *Trent*, from which vessel Messrs. Mason and Slidell were taken. Cap. C., it is said, had \$40,000 with him, with which he intends purchasing material for the Confederates.—Sun.

STRAWs, &c.—In England a debate relating to the present struggle in America was held in Christ church, Cloughton, on the evening of the 28th ult. Rev. Dr. Blakeney occupied the chair and the room was densely crowded with ladies and gentlemen. The subject of debate was, "Are the Southern or Northern States of America the more worthy of the sympathy of England in the present struggle?" On the vote of the meeting being taken, the case was decided in favor of the South by a majority of 101; the votes being, for the South, 245—for the North, 144.—Era.

It is said that Mrs. President Lincoln has three brothers who are in the army of the South, and three sisters among the rebels who are married to secessionists, one of them at the head of several thousand men.—Hfx. Express.

At last accounts H. M. S. *Immortalite* was at Port Royal, South Carolina. She arrived there on the 24th ult., and Commodore Dupont immediately dispatched two pilots to bring her over the bar. The customary salutes were exchanged. The object of the *Immortalite's* visit is said to be the protection of British subjects.—1b.

VERY LATEST.  
NEW YORK, Dec. 9.—Spanish steamer from New York for Havana put into Port Royal for coal. Seized there for having Rebel Mail on board.

The report that Tybee Island had been evacuated by the Federalists is contradicted.

Reports from Missouri and Kentucky, show great activity on both sides. In Kentucky, Federalists have fifty thousand troops between Louisville and Bowling Green.

General Price has been superseded in command of Missouri rebels, by General Heath, of Virginia.

It is stated that the rebels have 150,000 troops at Centreville, daily expecting attack from Federals.

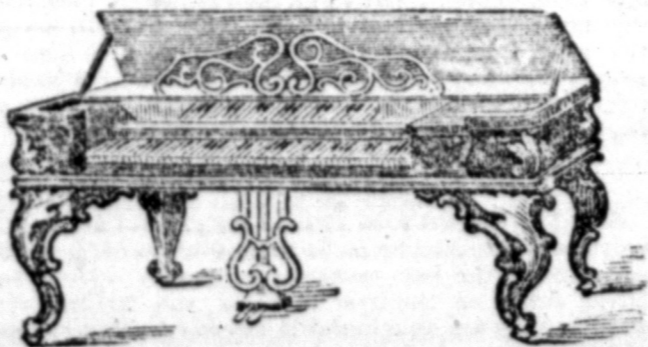

A Washington despatch says that the Commander of the British Forces in Canada has recalled all absent Officers, and is engaged in putting his forces in high state of efficiency.

Two hundred and forty prisoners from Fort Warren will be sent to Fortress Monroe to be exchanged at New York.

Africa arrived at New York yesterday. Mason and Slidell were expected to reach Southampton in steamer *La Plata* due, 29th. Stated that Federal steamer was at mouth of the English Channel to intercept them.

Nashville still at Southampton.

The burning of the *Harvey Birch* was exciting great attention in England.

Coughs, Colds, Consumption, Asthma, Bronchitis, &c.

JAYNE'S EXPECTORANT.

Has been for thirty years the Standard Remedy.

RECENT COUGHS AND COLDS, Pleuritic Pains, &c., are quickly and effectually cured by its diaphoretic, soothing and Expectorant power.

Asthma it always cures. It overcomes the spasmodic contraction of the air vessels, and by producing free expectoration, at once removes all difficulty of breathing.

Bronchitis readily yields to the Expectorant. It subdues the inflammation which extends through the wind tubes, produces free expectoration, and suppresses at once the Cough and Pain.

Consumption—For this insidious and fatal disease, no remedy on earth has ever been found so effectual. It subdues the inflammation,—relieves the Cough and Pain,—removes the difficulty of breathing, and produces an easy expectoration, whereby all irritating and obstructing matters are removed from the lungs.

Whooping Cough is promptly relieved by this Expectorant. It shortens the duration of the disease one-half, and greatly mitigates the sufferings of the patient.

In all Pulmonary Complaints, in Pleurisy, &c., it will be found to be prompt, safe, pleasant and reliable, and may be especially recommended to Ministers, Teachers, and Singers, for the relief of Hoarseness, and for strengthening the organs of the voice. Here is a portion of the testimony:

Rev. John Dowling, D. D., Pastor of the Berean Baptist Church, N. Y., writes:

"I have long known the virtues of Jayne's Expectorant, and frequently tested them on myself and family, when afflicted with Coughs or Colds. I believe it to be one of the best remedies ever discovered for these maladies."

Mr. Reading Doty, of Twenty-Mile Stand, Warren county, Ohio, says:

"Recently I had an attack of Asthma, the most distressing of all diseases, and yesterday afternoon, after taking a short ride, I returned home almost unable to breathe. Through the persuasion of my wife, I was led to try Dr. D. Jayne's Expectorant. The first dose gave instant relief, and after the fourth dose I enjoyed a refreshing sleep, and the next morning arose in better health than for two years past."

Rev. N. M. Jones, Rector of the Church of St. Bartholomew, (Protestant Episcopal,) Philadelphia, writes:

"In all cases resembling Consumption, I recommend Jayne's Expectorant, having in so many cases witnessed its beneficial effects."

Mr. Preston B. Ewing, Laconte, Harrison county Ind., writes:

"Being afflicted with Bronchitis for the space of three years, to such an extent that I was obliged to relinquish the teaching of the Vocal Music, and fails to obtain any relief from the Physician whom I consulted, I gave Jayne's Expectorant a trial. After using it for a few weeks I was very much relieved, and by its continued use my throat is now entirely clear of any disease."

Mr. John Henry, of Burlington, Bradford, Co. Pa., says:

"For two years my son was afflicted with a disease resembling Consumption, and during this period was unable to labor. Being finally induced to try Dr. Jayne's Expectorant, he was completely cured after taking ten bottles, and he is now able to work every day."

Rev. Valentine Gray, of the Methodist Church, writes from Centerville, Pa.

"Having experienced the beneficial effects of your Family Medicine. I would give it as my opinion that they are the very best I ever had occasion to use, and most cheerfully recommend them to the afflicted. Your Expectorant especially, I have found to be a sure cure for Coughs and Colds."

Mr. Larkin Dehart, Pleasant Point, Illinois, writes: "On our youngest child, 11 months old, is subject to the Croup. At each attack of the disease we give it your Expectorant, according to directions, and it always affords immediate relief. I have just recovered from a severe Cough, which had settled on my lungs, and attribute my cure to Providence and the use of the Expectorant."

This Expectorant, and all of Jayne's Family Medicines are sold by Brown Brothers & Co., Ordinance Square, Halifax, and by Agents throughout the country.

PROSPECTUS  
.....OF.....

A NEW SEMI-WEEKLY JOURNAL.

WITH the beginning of the year 1862, the undersigned purposes commencing the publication of a new Semi-weekly newspaper, to be devoted to Politics, Literature, Agriculture, Commercial, and General Intelligence.

As to its political tone, the undersigned will only say to those who have been in the habit of reading the *Acadian Recorder*, that the new journal will conform in its general tone to that which characterized the *Recorder* during the eight years—nearly—in which the latter was under his editorial management. In the management of the new journal he will, however, be more free to act in accordance with his own ideas of editorial judiciousness. On this head, he will only say further, and for the information of the general public, that the substantial interests of the British American Colonies, rather than the petty squabbles of local factions, in which the public welfare is not materially involved, will receive the most constant consideration and careful discussion; and that whilst, in what relates to disputes between rival political parties, it is not promised that neutrality will ever be the policy pursued, every effort will be made to maintain always an attitude of strict independence and impartiality; and that, whilst no party will receive a blind support, towards none will there be exhibited a factious opposition.

In the other departments of the projected journal, every possible pains will be taken to make it combine instruction with amusement for both the town and country reader; to furnish the latest news, both foreign and domestic, down to the hour of publication; to make the paper a reliable medium for commercial intelligence; and to render it worthy the commendation and support of the general reader.

It is proposed to issue the paper every Wednesday and Saturday evening. It will be printed on a sheet somewhat larger than that of any of the tri-weekly papers published in Halifax; and will contain more reading matter per week than is now furnished by any journal published in Nova Scotia. The subscription money will be fifteen shillings a year, if paid in advance, or within three months from the commencement of the year; twenty shillings, if not paid until after the expiration of three months.

Subscribers' names may be forwarded to the undersigned, at his office, Granville street, third door south of Prince street.
