By the Revenue cutter Daring, Capt. Moseley, which arrived on Tuesday last, we learn that the Superintendent of Sable Island, on going his rounds on 22nd Nov picked up on the North West Bar a bundle of Eng ish papers, mailed on 1st October. A portion of these papers were addressed Halifax, others to Montreal. This fact leads to the supposition that some mishap has occurred. The Superin tendent also reports that a Whate, 75 feet long, was driven ashore on the south side of the North West Bar. This sea monster, it is supposed, will yield about 70 barrels of oil .- Sun.
