MELBOURNE E. BALCOM, M. D. PHYSICIAN AND SURGEON. May be consulted professionally at the residence of the Rev. J. L. READ, Upper Aylesford. Sept. 17.

IMPORTANT DENTAL NOTICE.

Very important to Ladies residing in the Country, who intend visiting Halifax to have Dentistry done.

DR. MACALLASTER, Dentist, is fully prepared to accommodate Ladies, who may employ him, while having their work done—all without charge. Every effort will be made to render his house a pleasant home, for all who may avail themselves of the opportunity.

There are many advantages offered in the arrangements:— First, the work can be accomplished in much less time by having the patient present.

Second, the work can be done more perfectly. Third, the success is sure. Fourth, the great convenience and saving of expense to the patient.

Those desiring Artificial Teeth should not fail to call and examine Specimens before going elsewhere. He would respectfully call attention to the Vulcanite rubber plates for Artificial Teeth. He has used it three years with great success, and it is in every respect better than silver plates; he now has great pleasure in recommending it to his patrons and the public; in the United States it is being used by all the first class Dentists, at the last Dental Convention, held in Ohio, July last, the whole Convention spoke in its favour, it is also used in England to a great extent; it has many advantages over every other kind of work, it is lighter, it is free from taste, it is strong and durable, and can be repaired should it break; it can be inserted in full Sets or partial Sets with suction plates or attached; there is no plate so easy in the mouth, or so cheap.

It is now well known that Dr. M. after a successful practice of his profession in this Province for six years, is thoroughly competent to perform every operation of Dentistry in a most skillful manner. He would here respectfully mention that the great increase of business, and demand for his Professional services, go to show entire confidence that the Public has in his abilities to manufacture and insert Artificial Teeth.

Every kind of Dentistry skillfully performed at the complete Dental Establishment, 43-Granville Street. One door north of Dr. Blacks, and near the Baptist Chapel. Oct. 1.
