a reward of \$50 for such information as will

lead to the detection and conviction of the

person or persons who committed this disgrace-

The Antigonish Casket says that some farmers

throughout the country who sowed their grain

crops early are already done reaping, and speak

of the production as superior to that of many

previous years. A great deal, however, of the

wheat crop now standing is very much damaged

by rust and weevil, and we fear will yield but

THE EXHIBITION OF FRUIT AND VEGETA

BLES will be held on Tuesday next in the Gar-

dens of the Horticultural Society, commencing

at 2 o'clock, P. M. We understand that pre-

parations are being made to add other attractions

to those of the exhibition-music, fireworks, and

illumination in the evening, are parts of the

It is likely there will also be a fine display of

ACCIDENT ON RAILWAY .- The Reporter of

Saturday stated that a man was killed on the

railway on the morning of that day; the Chron-

icle of yesterday contradicts the report and says

that a man named " Duncan McDonald at the

Stillwater Mills attemping to step on a flat car

fell between the cars and was very badly injured,

so much so that we understand his leg had been

amputated. The accident is said to have oc

curred entirely from his (McDonald's) careless-

flowers. All articles for exhibition must be in

programme, wind and weather permitting.

### THE INTERCOLONIAL CONFERENCE appear to have had other matters besides the Railway

The Yarmouth Herald notices the launch of claim on the Blue Lead, and Hewett and Mc- PROF. AYERS' BALLOON TRIP,-We have four new vessels during the past week, from dif- Intosh's claim on the Hewett Lead. 34 tons received the following additional particulars in ferent ship-yards in that place-two barks, and from McIntosh's claim on the latter lead, yield- regard to the balloon trip of Prof. Ayres :----ANNAPOLIS CO .- The Bridgetown Register says :- Copper ore, found at Margaretville in this County, encourages the hope that there is a

Blue Lead has gone down 57 feet, and although which rendered his descent somewhat perilous, AVARD LONGLEY Esq:, has been lecturing in the quartz has not yet been crushed, it is feared compelling him in order to save his life, to exthat the results will not be very favourable, plode the balloon. He escaped, but his leg was Annapolis County on his recent tour to Canada although they are in close proximity to the severely sprained; otherwise, he was not injur-West to attend the Annual Session of the Grand NINETY YARDS of the telegraph wire at Auld's Cove between Forrestall's Ferry and Port Mulgrave were taken away on the evening crushing.

THE CHRISTIAN MESSENGER.

ROBBERY .- A correspondent of the Sun, vertiser. writing from Sherbrooke on the 15th inst., says that a most daring robbery was perpetrated at the Rockville House on Tuesday or Wednesday previous. A trunk belonging to J. W. Bigelow, Dr. Ayer in his writings on this drug, states that Esq., Agent for the London and Nova Scotia not only is it inert as found in the shops, but so Gold Mining and Crushing Company, was opened by means of a false key, and a small valise bearing its name. He shows however that this inside broken open, and a roll of notes, amounting to \$100 dollars, stolen. Not the slightest clue has been discovered to detect the robber.

GOLD DISCOVERY IN MAINE .- The Scientific Survey of Maine made a discovery of gold in the eastern part of the State, of which Prof. Geo. L. Goodale says :

"I had the pleasure of discovering (on the 25th ult., in the town of Princeton, about 15 or 20 miles west of Calais,) in a ledge of great extent, not only a good chance to find gold, but gold of much purity. The gold is like that of Tangiers locality, and promises well. The land formerly worth 20 cents per acre, is to day worth \$10 per foot. You would be amused to see the breeze this bona fide discovery has made in this vicinity.

VANCOUVER'S ISLAND.-The Salmon River Diggins in the Washington Territory have turned out to be an imposition. Many of those who went there from New Brunswick have returned greatly disappointed. Great misery has been experienced by those who have emigrated to that country with scarcely any returns. A majority of the members of the government appear to be land speculators and allow incorrect statements to go forth to induce emigration.

Sore Throat and Stuffness of Bronchial Tubes is readily relieved by Hunnewell's Universal Cough Remedy. Being so pleasant to use, and the ease by which Sore Throat is relieved or stuffness cleared from the Bronchial Tubes, is among its excellent qualities, and should be at hand by all liable to such complaints. The pamphlets to be had of all agents, or of the proprietor, "free," give all directions. See adverticement.

ed 39 oz. of gold, or 12 oz. to the ton." "I am The balloon ascended in a northeasterly direcnot able at present to give you a correct estimate cion, reaching an altitude of two and a half of the quantity of quartz now ready for crush- miles, and alighted on the farm of Mr. Faulkner, ing, but suppose it to be somewhere in the St. Leonard, about 17 miles distant from the neighbourhood of 500 tons." " Parker on the city. During the voyage there was a slight gale, Hewett and Lesslie claim. Again, in the Mc- ed. He represents the view of Chambly, Lake Donald claim on the Hewett lead, they are down St. Peter, the Mountain, City, &c., as the most 45 feet and the quartz crushed has not paid for picturesque he ever beheld. We understand it is his intention to make another ascension from this city during the next month .--- Montreal Ad-

> Mansfield's Dispensary says that most of the Sarsaparilla of the shops is inert and worthless. also are most of the preparations from it, or fact arises from the use of worthless varieties, or unskillful preparations by incompetent men: that the true Medicinal Sarsaparilla (Sarza Smilax off.) of the tropics, when freshly gathered in the bud, is one of the most effectual alteratives we possess. Combined with other substances of great alterative power, like Iodine, Stillingia, Dock &c., it makes Ayer's Compound Extract of Sarsaparilla which we have reason netic Hair Brushes. to believe is one of the most effectual remedies for humors, skin diseases and for purifying the blood which has ever yet been found by any bo ly .- Bangor (Me.) Mercury.

### AIR-TIGHT PRESERVE JARS. For Preserving Fruit, &c., with little or no Sugar.

307

THESE Jars being wholly of glass, cleanly, strong and durable, perfectly air-tight, and opening and shutting with facility, combine more advantages than any other for Preserving fruit, and are warranted to keep all fruit in a perfect state of pro servation.

This kind of Jar was used for preserving the fruit, &c., sent to the International Exhibition at London.

before them. The Quebec Chronicle says that a proposal for a Zolverein or Commercial League between the Provinces has 'received their sanction. The details are subject to further consideration. It would be well if a uniform currency could also be brought about between the Provinces.

Considerable discussion is going on, in the press and out of it, in reference to the location of our slaughter houses,-and the necessity of removing them further from the city. This discussion has not come on a bit too soon. They should be removed to some more distant spot .-It is said that a large number of cases of typhoid fever exists now in the vicinity of the slaughter house in Ward 6. Have the exhalations from this house any thing to do with that sickness? This is an important question ?-Sun.

THE FISHERY COMMISSIONERSHIP, is a prize subject to much speculation. Claims have been published by the friends of several gentlemen. The Hon. Joseph Howe has been named by some of his friends in Nova Scotia. The Fredeinton Philanthropist says that "the Hon. John H. Gray is the person most likely to be selected to fill the office." His having been the umpire in case of difference of opinion in adjudicating between the late incumbent and the American Commissioner gives him some advantages over others who may have presented claims. Newfoundland will doubtless present a candidate for the office.

A LAND FLOWING WITH MILK AND HONEY. -The editor of the Bridgetown Register informs us that in passing through Cornwallis a few days since he noticed " among other pleasing indications of improvement, bee-hives in several places. In one enclosure" he says "we count, as we ride along, seventy hives ; and we are informed that they are nearly all well filled with honey This branch of rural economy must literally sweeten the enjoyments of domestic life."

In our late visit to New Brunswick we observed bee-hives in quite a number of gardens, especially in Fredericton and Moncton, and in the latter place partook of the delicious honeycomb. We doubt not this practice will extend usel! rapidly when our farmers find how simple a thing it is to keep some of these industrious lice Court on Wednesday morning, judgment families.

GOLD NEWS .- The Chronicle states that on Thursday upwards of a quarter of a cwt. of gold was brought to this city from the diggings at Sherbrooke by the steamer Artel.

The parties who injured the shaft of the Halifax Gold Mining Company at Tangier, a tew weeks ago, have been apprehended, examined, and committed for trial.

GOLDENVILLE. - A correspondent of the \$300,000 tor his property, and the Company is Witness writes from this place?- " There are at disposed to give a sum not very for from that present only 150 miners at work, being a amount. SMUGGLING .- The Sarnia Canadian states Misses and Children's Patent Leather Strap Shoes, smaller number than was supposed by most of that on Wednesday morning last, Mr. King made 100 doz. Cheap Prunella Boots, the best and cheapest persons here, add to these, say 50 not engaged in mining, 15 or 20 of the fair sex, and a seizure of \$200 worth of jewellery, among the half a dozen children, and you have the entire circus paraphernalia of Robinson & Co., who had population of "Goldenville." There has been just crossed the river for a tour in Canada. upwards of 100 tons of quartz raised, and 63 The official dinner given on Thursday last at tons crushed at these diggings last month, the total yield of gold from which has been 338 oz., the Stadacona Club, to His Excellency the Go-May 7. being an average of nearly 51 oz. to the ton. vernor - General, their Excellencies of Nova The highest yield being 12 oz., and the lowest Scotia and New Brunswick, and the Provincial **Judson's Worm Tea** 14 dwts. per ton. The principal part of this Delegates, was given, by the Attorney Geneamount was taken out of Hewett and Lesslie's ral West and colleagues .- Quebec Chronicle.

#### Prince Edward Isand.

We learn from Ross's Weekly that one of the large Anacondas, which was exhibited in Halifax some weeks ago, died at Charlottetown, on Saturday the 6th inst., while in the act of shedding its skin.

#### New Brunswick.

SACKVILLE, N. B. Sept. 12th .- Hacmatack Knees for Ship building, of from 9 to 12 inches, are now in good demand in Boston.

Fire Hose, Fire Hydrants, and a steam Fire Engine; are contracted for by the City Council of St. John. These will all be made in the province.

NEW CHURCH .- The Baptist denomination in this town, have purchased ground and purpose erecting a Church during the present season: The design for the building is of the Gothic order, and we have no doubt from the energy and zeal of our friends that their building will be an ornament to our town. - St. Andrew's Standard.

We understand that the Rev. T. W. Crawley, is laboring at St. Andrews.

INDUCING SOLDIERS TO DESERT .- The man arraigned before the Police Court yesterday for tampering with sailors, as mentioned in our last, was fined £20, or imprisonment in the Penitentiary for three months. Another named Cassidy, belonging to this city, was brought up an Saturday for the same offence, and fined a like sum, with \$2.10 costs, which was promptly paid. -St. John Globe.

#### Canada.

ENTICING TO DESERT .- In the Quebec Powas rendered in Fitzgerald's case, on an informmation for enticing one John McFetridge, a private in the 17th Regiment to desert. The defendant was sentenced to two-months' imprisonment and a fine of £40 sterling and costs, and to remain imprisoned until paid.

COPPER MINE.-Le Courier de St. Hyacinthe says that an American Company is negotiating with the proprietor, Mr. Davies, for the purchase of the Acton Copper Mine. Mr. Davies asks
