IMPORTANT DENTAL NOTICE.

Very important to Ladies residing in the Country, who intend visiting Halifax to have Dentistry done.

DR. MACALLASTER, Dentist, is fully prepared to accommodate Ladies, who may employ him, while having their work done,—all without charge. Every effort will be made to render his house a pleasant home, for all who may avail themselves of the opportunity.

There are many advantages offered in the arrangements:—
First, the work can be accomplished in much less time by having the patient present.
Second, the work can be done more perfectly.
Third, the success is sure.
Fourth, the great convenience and saving of expense to the patient.

Those desiring Artificial Teeth should not fail to call and examine Specimens before going elsewhere. He would respectfully call attention to the Vulcanite rubber plates for Artificial Teeth. He has used it three years with great success, and it is in every respect better than silver plates; he now has great pleasure in recommending it to his patrons and the public; in the United States it is being used by all the first class Dentists, at the last Dental Convention, held in Ohio, July last, the whole Convention spoke in its favour, it is also used in England to a great extent; it has many advantages over every other kind of work, it is lighter, it is free from taste, it is strong and durable, and can be repaired should it break; it can be inserted in full Sets or partial Sets with suction plates or attached; there is no plate so easy in the mouth, or so cheap.

It is now well known that Dr. M. after a successful practice of his profession in this Province for six years, is thoroughly competent to perform every operation of Dentistry in a most skillful manner. He would here respectfully mention that the great increase of business, and demand for his Professional services, go to show entire confidence that the Public has in his abilities to manufacture and insert Artificial Teeth.

Every kind of Dentistry skillfully performed at the complete Dental Establishment, 43 Granville Street, One door north of Dr. Blacks, and near the Baptist Chapel.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla
is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
