The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by Dr. J. C. AYER & Co., Lowell, Mass. Sold by all druggists every where.

CIRCULAR GENERAL ORDER.

COMMANDING OFFICERS OF MILITIA BATTALIONS are reminded of the general orders already issued concerning Officers providing themselves with Uniform.

The Commander-in-Chief has reason to know that many officers have as yet taken no steps to furnish themselves with the required equipment. Commanding Officers are to understand that they are held primarily responsible that the necessary regulations on this head are complied with by the officers under their respective commands.

As the Militia Officers will have to perform duty this year, the Commander-in-Chief wishes to give due notice on this point by this, which will be the last order on the subject, so that no officer after being approved and commissioned can excuse himself for not being uniformed and equipped on the ground of his not having been apprised.

Officers not in regimentals will not only be unrecognized on parade duties, but their default in not providing themselves with uniform and appointments, if not accounted for to the satisfaction of the Commander-in-Chief, will be seriously noticed.

By order, R. B. SINCLAIR, A. G. M. 3 ins.
