Nova Scotia's TIMOTHY and Choice CLOVER SEED, for sale at the lowest market prices. May 6.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weakness, and, indeed, the whole series of complaints that arise from impurity of the blood.

AYER'S CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

THE following circular, dated Feb'y. 17th, and furnished to commanding officers for their information and that of the officers under their command, is published by order of the Commander-in-Chief.

Office of Adj. Gen. of Militia, HALIFAX, FEB. 17th, 1863.

Officers commanding Battalions are directed to place officers who have been trained and examined, at the head of their seniority lists, in preference to any applicants who have had opportunity of training, and have neglected the same, without being able to give satisfactory reasons.

By order, R. B. SINCLAIR, A. G. M. May 20.

PRIZE RIFLE SHOOTING FOR 1863.

HALIFAX, N. S., MAY 11th 1863.

THE Commander-in-Chief is pleased to publish the following information respecting the prize firing, which will take place in the autumn of this year:—

The contest will be open to a given number of Militia Officers of Battalions, and of Volunteers of all ranks, from their respective corps.

The British National Rifle Association's Medal will be the principal prize.

There will be no intercolonial contest in this Province in 1863.

The sum of £100 will be thus distributed:—A purse of Ten pounds to the winner of the medal; a purse of Ten pounds to the second best shot; Ten purses of Five pounds each, to the ten next best shots in order of merit; Ten purses of Three pounds each, to the next ten do.

The above arrangement is made in order to give competitors from the more distant parts of the Province a better chance of covering the whole or a part of their expenses.

Unless otherwise ordered the competition will take place at Truro.

By order, R. B. SINCLAIR, A. G. M. May 20.

Regulation Allowance of Ball Cartridge,

OFFICE OF A. G. M. HALIFAX, MAY 13, 1863.

THE Commander-in-Chief of the Nova Scotia Militia observes, that by collating returns of effectives and expenditure of Ball Cartridge, in many instances more than the regular allowance of sixty rounds per man has been expended by the Volunteers.

A first issue will be made this year of forty rounds per effective, according to last returns; but no issue will be made to any corps which has expended an excess until the latter is replaced by their own requisition and payment.

Absentees and unavoidable fractions of kegs will invariably leave an annual surplus, which should be faithfully carried on to the next year; otherwise the over-expenditure of ammunition will have to be constantly rectified from Head Quarters. The officers commanding both Militia Regiments and Volunteer corps are requested to be particular that those under their orders conform to the Regulations laid down on this important point, as by not doing so very much trouble and correspondence will be the inevitable result.

By order, R. B. SINCLAIR, A. G. M. May 20.
