The Minntes of Associations.

We have recently discovered that the alterations made in the post office law, during the last session of the legislature, were such that every pamphlet passing through the Post office must be prepaid by a two cent postage stamp. It is not even allowed to send pamphlets by book-postage,—one cent per PACKET FROM WILMOT TO WINDSOR. ounce. This change was made, we understand, to prevent the Reviews and large periodicals, such as liarper's and Blackwood's, passing free. We believe it was not intended to apply to such pamphiets as the annual records of religious bodies, which have hitherto gone free. Our Minutes of Association are ready, but are detained for the purpose of ascertaining if the same privilege will not be given by the authorities as we have had heretofore.

Collated and edited by B. F. EDMANDS, Esq.

Royal 12mo, cloth, arabesque, 1.25; sheep, 1.50; Turkey morocce,

THE PRAIMITE is unquestionably the best collection of Hymns for public worship in the English language. It was originally prepared with great care and expense. It was edited by brethren whose acknowledged poetical taste, doctrinal soundness and pastoral experience qualified them preëminently for the work. The hymna were also submitted for critical examination and revision to a large Committee, composed of pasters and literary men of distinction in every section of the Union, to whose judicious labors the work owes much of its remarkable perfection. It has been welcomed by pastors and churches everywhere as the best book for public worship ever published.

Such has been its unparalicied popularity that it may now be said to have become THE BOOK OF THE BAPTIST DENOMINATION, being almost universally need in the churches throughout the Unifed States and also in the British Provinces. It contains nearly THIRTEEN HUNDRED LIVENS, about one-fourth of which are by Watts. Among the other prominent authors, will be found Doddridge, Steele, Montgomery, Cowper, Kelly, Newton, Wesley, Toplady, Heber, Barbauid, Bowring, Sigourney, Scott, Hemans, etc. etc., numbering in all nearly three hundred different authors! The whole field of English sacred literature has been explored, and the choicest appropriate productions culled, to form this admirable col-

Pastors in Boston and vicinity, in New York and Philadelphia, Professors in the various Theological Seminaries, and a great number of Clergymen, of Churches, Associations and Conventions, in every State of the Union, have, unsolicited, given their most unqualified testimony to the high character of this work. Among the vast number of testimonials which might be given, - sufficient, in all, to form a good-sized volume, - is the following: -REV. GEORGE B. IDE, D. D., says of the work, with characteristic

energy of thought and beauty of expression, " Such another collection of hymns for public worship, so beautiful in its execution, so natural, clear, and perfect in its arrangement, so varied, copious, and appropriate in its list of subjects, so tyrical in its structure, so devotional in its spirit, so scriptural-in its sentiments, so sweet, pure, and elevated in its poetry, I do not believe the world can furnish, and I am certain the English language cannot! It is a work, in every respect, of such surpassing excellence as to leave nothing in its department to be desired."

This strong, emphatic language of Dr. Ide has been fully approved and endorsed by Dr. Hague, Dr. Brantley, and other clor-Candid judges of other denominations have commended the

Punimist as having no superior, if any oqual, in character and fitness for public worship. THE PRALMIST, WITH MUSIC, involving a large outlay of time and meney, was undertaken to meet the growing desire on the part

of many churches to adopt Congnegational Straing. This Manual embraces ALL THE HYBRE OF THE PEALMIST. with one or more tupes adapted to each hymn. The tunes have been selected, with great care and rare judgment, by il. P. En-MANDS, Esq., a gentleman of fine musical taste, a chorister for many years in one of our targest churches, and an active manager of several of our leading musical societies. They are chiefly taken from the approved standard tunes, whose long use and popularity in the churches attest their fitness for congregational singing. The convenient size of the Manual, its cheapness, its judicious arrange ment, as well as its ADMIRAULE SELECTION OF TUNES, give it important advantages over every other Manual for public worship. Churches already using the Pealmist - which is almost universal - can introduce this new edition, wirn Museo, at very trifling expense. No change of books will be required for those who do not join in the singing. The numbering of hymne is the same in all editions, and the full and perfect INDEXES enable minister people to refer from one edition to the other without difficulty. Only those who wish to sing, and to have the tunes before them, will need the new edition with Music, and the great expense inci-

dent to an entire change of hymu-books will thus be avoided. By All the various editions are now printed from new, close handsome electrotype plates, on good paper, and bound in a great variety of styles, in the most substantial manage. And although, in consequence of the unparalleled advance in paper and all other book materials, the price has of necessity been somewhat advanced, it is still the cheapest work of the kind published.
