NEAR ACQUIA CREEK, March 4th, 1863. Owing to the great exposure and terrible decomposition after the battle of Antietam, I was utterly prostrated and very sick. My stomach would not retain medicine. An article called Plantation Bitters, prepared by Dr. Drake, of New-York, was prescribed to give me strength and appetite. To my great surprise they gave me immediate relief. Two bottles almost allowed me to join my regiment. * * * I have since seen them used in many cases, and am free to say, for hospital or private purposes I know of nothing like them.
