Ayer's SARSAPARILLA,

Scrofula and Scrofulous Diseases.

From Emery E., a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the
desired effect and full satisfaction to those who took
it. As fast as our people try it, they agree there has
been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennisville, Cape May Co., N. J. "My daughter has suffered for a year past with a scrofulous cruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that

I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas — General Debility — Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.
"Dr. AYER. I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your SARSAPARILLA, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio,

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Phas. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

ment.
"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum,

Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a losthsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied

spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts. "Dr. Ayer. My dear Sir: I have found your

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful nicers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhæa, Whites, Female Weakness, are generally produced by internal Scrafulous Ulceration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your Sarsaparilla an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Internat Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhoza of long standing, by two bottles of your SARSAPARILLA." Rheumatism, Gout, Liver Complaint, Dys-

pepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this Ext. SARSAPARILLA.

IMPORTANT DENTAL NOTICE.

Very important to Ladies residing in the Country, who intend visiting Halifax to have Dentistry done.

DR. MACALLASTER, Dentist, is fully prepared to accommodate Ladies, who may employ him, while having their work done,—all without charge. Every effort will be made to render his house a pleasant home, for all who may avail themselves of the opportunity.

There are many advantages offered in the arrangements:—

First, the work can be accomplished in much less time by having the patient present.

Second, the work can be done more perfectly.

Third, the success is sure.

Fourth, the great convenience and saving of expense to the patient.

Those desiring Artificial Teeth should not fail to call and examine Specimens before going elsewhere. He would respectfully call attention to the Vulaenite rubber plates for Artificial Teeth. He has used it three years with great success, and it is in every respect better than Silver plates; he now has great pleasure in recommending it to his patrons and the public; in the United States it is being used by all te first class Dentists, at the last Dental Convention, held in Ohio, July last, the whole Convention spoke in its favour, it is also used in England to a great extent; it has many advantages over every other kind of work, it is lighter, it is free from taste, it is strong and durable, and can be repaired should it brake; it can be inserted in full Sets or partial Sets with suction plates or attached; there is no plate so easy in

the mouth, or so cheap.

It is now well known that Dr. M. after a successful practice of his profession in this Province for six years, is thoroughly competent to perform every operation of Dentistry in a most skillful manner. He would here respectfully mention that the great increase of business, and demand for his Professional services, go to show entire confidence that the Public has in his abilities to manufacture and insert Artificial
