

Lists of the Scholarships and Prizes is given with Tables of Fees, and the Curriculum in the several departments. This venerable seat of learning appears to be in quite a flourishing condition and fully maintaining its high character.

Appended to these details of the facilities offered by Kings College, is a very able Discourse on Natural Philosophy, by Professor Everett.

SONS OF TEMPERANCE.—The Order of the Sons of Temperance will have attained its majority—its 21st year of age—on the 29th Inst. Preparations are being made to have suitable celebrations of the day in many places.

The Halifax City Divisions are now making arrangements, and, we believe, intend having a Grand Soiree in the Temperance Hall, at which it is expected a number of good speakers will be present. We understand that several of the Divisions in Queens County intend meeting at Liverpool and join with New Era Division in commemorating the occasion.

The Sons in Charlottetown, P. E. Island will "celebrate the day" by marching in Procession at 3 o'clock in the afternoon; by partaking of a "Public Tea" at 5 o'clock and attending a Public Meeting at 8 o'clock in the evening.

New Divisions are being organized from time to time in different parts of the province. One was recently formed at Caledonia, Queens Co., and another at Hall's Harbor, Kings Co.,—the fourth in this county since February last.

The Annual Session of the Order in Nova Scotia will commence at Halifax on Tuesday the 20th of October ensuing.

The heart-rending account of Man-stealing from the islands in the Pacific, on another page, will be read with deep interest. The statements contained in this article, from one of our New South Wales exchanges, is confirmed by others in the latest English papers. British Christians will not allow this to pass without an effort being made to induce the Government to use means for repressing such barbarity. It will be a stimulus to missionary operations in that part of the world.

We are sorry to see one of our city evening papers giving encouragement to a day's horse racing on the Common. The editor incurs a fearful responsibility by so doing—Knowing that vice and demoralization have always attended such exhibitions, we enter our solemn protest against it, and trust our City authorities will not permit the Common to be disgraced by such proceeding.

We beg to call special attention to the first paragraph of Rev. Dr. Cramp's letter in another column.

News Summary.

In Poland the insurrection is still unsubdued and vigorous, and in several instances decided advantages have been gained over the Russian troops. It is barely possible, however, humanly speaking, that the Poles can in the end successfully resist the overwhelming forces which Russia is pouring into the country.

It is not yet certain that the Archduke Maximilian, a brother of the Emperor of Austria, will accept the throne of Mexico. There were rumours, grounded it would appear, on circumstances which would seem to warrant the supposition, that the French Emperor intended to recognize the Southern Confederacy. That his inclination has tended strongly in that direction for some time past, his frequent proposals to England to attempt a mediation between the North and South, leave no room to doubt. It is not very probable, however, that under the present declining interests of the South, Louis Napoleon will lightly involve himself in a difference, which might impose on him the necessity of a closer alliance than mere recognition, with a falling cause. It is, of course, impossible to foresee, what, in the dispensations of God, may be the eventual issue of this great national struggle, but present appearances fully warrant the expectation that the opinion we expressed in the earliest period of the war will be verified,—that there could naturally be but one result of a conflict where numbers were so disproportioned.

There is every reason to believe that Charleston cannot much longer hold out. The Federals have silenced and got possession of some of the principal forts which defend the harbour, and are shelling the city. The Mississippi is at length nearly in possession of the North, although parts of its banks may be partially held by guerrilla bands, while almost every Southern port is either blockaded or in possession of the Federal ships and armies.

We have heard nothing farther for some days past of Canadian politics. Parties in the Legislature seem at present so equally balanced, that the business of Government is nearly at a stand.

It would seem from newspaper reports that a renewed survey is decided on, by the different Provincial Governments, for the Intercolonial Railway. We suppose upon the grounds of accepting the proposal of the Home Government, to become security for the funds necessary to complete the Road. Its completion would probably require an outlay of little less than \$4,000,000.

Notices, &c.

Associated Alumni of Acadia College, Acadia College.

A Special Meeting of the Board of Governors will be held in the Vestry of the Baptist Meeting House, Wolfville, on Thursday, October 1st, at 11 o'clock, A. M., precisely, in order to take into consideration certain matters referred to the Board at the recent meeting of the Baptist Convention, and to transact such other business as may be introduced.

Scholarship-holders (who have the right to sit and vote with the Board) and other friends of the College, are invited and requested to attend. S. W. DEBLOIS, Secretary. Wolfville, Sept. 12th, 1863.

ERRATA.—In the brief Memoir of Colonel William H. Kinsman, in C. Messenger Sept. 2nd, we regret to find that an accidental omission occurred in the 14th line. It should have read, "The late Col. William H. Kinsman, of the Federal States Army, son of deacon Theodoras Kinsman, of West Cornwallis," &c., and in 3d column, 15th line, instead of from "nature's God," read "from nature up to nature's God." 41st line, for "aim of war," read "day of war."

MR. HUTTON desires to acknowledge, with thanks, the receipt of £1 12s. 6d. per Mr. P. M. King, being amount of collection made in the Baptist Church, Antigonish, on behalf of the Deaf and Dumb Institution, Halifax.

Letters Received.

General Intelligence.

DOMESTIC.

PROVINCIAL SECRETARY'S OFFICE, Halifax, September 18, 1863.—His Excellency the Most Noble the MARQUIS OF NORMANBY, having today left the Province on a visit to England, His Honor Major General CHARLES HASTINGS DOYLE, the Senior Military Officer in Command, took the required Oaths as Administrator of the Government in His Excellency's absence, in conformity with Her Majesty's instructions, at the Government House, at 12 o'clock, noon, this day.

DEPARTURE OF THE LIEUTENANT GOVERNOR.—His Excellency the Marquis of Normanby and family left Halifax for England, in the steamer Africa, on Thursday last. They were escorted to Cunard's wharf by the Halifax Volunteer Artillery and the Scottish Volunteer Corps. The Sun informs us that the former had "drawn swords." (It need not be inferred that there was any necessity for drawn swords.) The Reporter states that after the distinguished company had embarked, Capt. Shaffer, on behalf of the Artillery, presented the Marchioness with a large and beautiful collection of rare flowers, and also with a handsome hand bouquet, in a very handsome sterling silver holder. The Marchioness received these testimonials of goodwill with many heartfelt expressions of gratitude. The large concourse of spectators on the wharf gave many hearty cheers, and sang "God save the Queen," as the steamer prepared to leave. The Marquis and his lady, previous to the steamer leaving, addressed the volunteers in a very interesting manner, and shook hands cordially with the officers of the companies.

SUCCESS TO HOME MANUFACTURES.—We learn it in the Liverpool Transcript that Messrs. Steadman & Seely, have in operation at Mills Village, Queen's Co. a manufactory of "incipient combustion"—batches. The editor pronounces these home productions superior to the imported article. Success to enterprise.

The Pactolus, wrecked at Little Hope, 16 miles from Liverpool, was an iron boat of 666 ton, about 9 years old. Her cargo is saved. Orders have been received to ship the wet goods to Halifax, the dry ones to St. John.

A NEW EXPORT.—We learn that on Saturday last, J. D. Nash, Esq., our enterprising fellow citizen shipped per steamship Shannon, for Liverpool, 460 barrels of the new Fish Manure, manufactured in this city. We trust the venture will prove remunerative. It is pleasing to record such evidences of the activity of our business men.—Jour.

GOLD.—The news from the various gold fields continues highly encouraging. We have it upon reliable authority that the Preepier claim at Renfrew, lead, 12 inches, still gives upwards of 4 ounces per ton. It is stated by persons conversant with the operations at the mines, that the Carpenter lead at Oldham, 8 inches, yields on an average 8 ounces per ton. The same authority states that the Cumminger lead at Sherbrook, 10 to 14 inches thick, produces about 4 ounces per ton, and the Olive Branch, 8 inches, yields 7 ounces per ton.—Chronicle.

A Coroner's Inquest was held on Thursday last at Richmond before J. Denham Hume, Esq., Coroner, on the body of Alexander McKeachran, aged 2½ years. The jury returned the following: "That the deceased came to his death by drowning in a well owned by Joseph Kaye, Esq., at Richmond—the said well being over 10 feet deep and unprotected. The jury are of opinion that had said well been protected the deceased would not have come to his death."

MOOSE.—Two fine moose are said to have been captured in the Grand Lake by the Steamer Lockport on Tuesday last. They were caught by a rope being thrown over their horns, but were killed in capturing them.

A marine Slip is to be erected at Liverpool N. S.

THE POTATOE.—We are sorry to learn that there is reason to fear that the blight will considerably diminish our supply of this necessary ex-ulent. It is prevalent more or less throughout Kings County.

DONATION.—The Mayor acknowledges the receipt of a cheque for One hundred dollars from the Marquis of Normanby, for distribution among the poor of the city during the ensuing winter.

At a meeting of the N. S. Law Students' Society, held on Saturday last, the following gentlemen were elected for the ensuing year:—Executive Committee—John Y. Payzant, W. J. Croke, Douglas B. Woodworth, M. B. Daly, L. Power; Secretary, J. G. Foster; Treasurer Mr. B. H. Eaton.

REPORTS ABOUT GOVERNORSHIPS.—The Montreal papers say that Governor Gordon is to succeed the Earl of Mulgrave in Nova Scotia; and that hon. Mr. Rose, of Montreal, is to succeed Governor Gordon in New Brunswick. The Kingston Whig says, Mr. Rose has accepted the Governorship of New Brunswick. Among other reports is one that Hon. Mr. Tilley is to be made a Governor of somewhere.

THE MILITIA.—The 6th Regiment of Halifax Militia, about 500 men, under the command of Colonel C. H. Belcher, were drilling at Dartmouth during last week. General Doyle inspected them on Friday afternoon and expressed himself much pleased with their proficiency.

THE NEW COUNTRY MARKET was opened last week, and will, doubtless, secure a large share of patronage from the farmers and those desiring to purchase their produce. Its arrangements and accommodations are far in advance of any of our other markets.

It comprises accommodation for about forty horses, and a fine place for the waggon, as well as the market room on the ground floor. The upper story is appropriated to a large hall for public assemblies, Photograph saloon, and sleeping apartments in connection with the comfortable boarding house adjoining. The building will, doubtless, be a profitable speculation, as well as a great public convenience.

THE BAZAAR at Windsor, on the 16th inst., was attended by a large number of friends from at home and from a distance. The net proceeds, we are informed, amounted to £168.—This will be a very acceptable contribution towards the parsonage recently obtained by the Church.

The Presbyterian Bazaar, got up by the ladies of the South Cornwallis congregation, was held on the 10th, the previous day being unfavorable. A handsome sum was realized.

We learn from the Recorder that "The Hon. S. L. Tilley, from the Railway delegation, arrived home on Saturday last. The Provincial Secretary of this Province has taken a trip to Western Canada. Lord Lyons and suite had left Quebec for Fredericton, N. B., and will probably visit this city."

SECOND ANNUAL MEETING OF THE PROVINCIAL EDUCATIONAL ASSOCIATION.—The next meeting of this Convention is appointed to be held in DeWolfe's Hall, Windsor, on Wednesday 7th October, at 11 o'clock, A. M. On producing at any ticket station a certificate from the Clerk of School Commissioners for the several counties, parties wishing to attend the Convention will receive a return ticket which will pass them free on the road to Windsor and back. Several coach proprietors have also consented to carry teachers at half fare. In consideration of these facilities, it is earnestly requested that there may be a large attendance of teachers. By order, F. W. GEORGE, Sec'y.

ACCIDENT AT WINE HARBOR.—We regret to learn that a very serious accident occurred at Wine Harbor Gold Diggings, on Thursday last. A young man belonging to this County,—Mr. John L. Logan, of Hardwood Hill, was employed in working a shaft on the diggings. While holding the drill, one of the persons using the hammer, struck him on the knee inflicting a very painful wound. He was put into the tub, to be taken up, and when about forty or fifty feet from the bottom, he requested those above to pull up quicker, when it would appear that, either from fainting or weakness, he immediately lost his balance, and fell to the bottom of the shaft, receiving such severe injuries, as to leave no hope of his recovery. The person by whom the information of the melancholy occurrence was brought, and who left immediately after the accident to convey intelligence to his relatives and friends, states that the injuries sustained were of so serious a nature, that it was doubtful if he could survive any length of time.—Colonial Standard.

New Brunswick.

It is stated in a St. John paper that a number of Armstrong guns, intended for the fortifications near that city, were on board the wrecked steamer Pactolus, and will probably be a total wreck.

N. S. PAPER.—The St. John, Morning Post, says, complaint is general that a very large quantity of Nova Scotia Bank and Provincial paper is afloat on the community, and has become quite a nuisance. The rates at which this currency is taken out of doors, vary at from 2½ to 3½ per cent. discount, and the banks will not take it on deposit except at a still further discount.

We should be glad to relieve our neighbours of some of their superfluous paper. We find it quite scarce.

Colonist.

IS THERE any VIRTUE in Mrs. S. ALLEN'S WORLD'S HAIR RESTORER AND ZYLOBALSAMUM? Convincing Testimony. Rev. C. A. BUCKBEE, Assistant Treasurer American Bible Union, N. Y. City, writes: "I very cheerfully add my testimony to that of numerous friends to the great value of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum." Rev. W. M. CUTLER, N. Y. City: "My hair is changed to its natural color, and growing on bald spot." Rev. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being grey to its natural and beautiful color." Rev. J. WEST, Brooklyn, L. I.: "I will testify to their value in the most liberal sense. They have restored my hair where it was bald, and, where grey, to its original color." Rev. A. WEBSTER, Boston, Mass.: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth." Rev. H. V. DEGEN, Boston, Mass.: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes." Sold by Druggists throughout the World. PRINCIPAL SALES OFFICE, No. 198 Greenwich Street, New-York. Numerous Certificates as above. AVERY, BROWN & Co., Halifax Agents. Jan 7
