#### Diptheria.

For the cure of that dreaded disease, DAVIS' PAIN KILLER is a specific, if resorted to in time. It should be used, mixed with water, as a gargle, and the throat bathed with PAIN KILLER freely. Read what Dr. Walton writes as under date of Nov. 28, 1860, from Coshocton county, Ohio :--

"I am happy to inform you that the PAIN KIL-LER cures this new disease, Diptheria or Sore Throat, that is prevailing to so alarming an extent in this section of the country. On Walnut Creek, Holmes county, they use scarcely any other remedy. and it has never been known to fail in a single instance when used in time. This fact you may make known to the world."
