that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use When once tried, its superi- justly celebrated ority to every other expecto-

rant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior semedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the offlicted they can never forget, and produced cures too numerous and too remarkable

to be forgotten. We can only assure the public that is quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names te certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full discriptions of the complaints they cure.

Those who require an alterative medicine to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the remedy to use. Try it once, and you will know

## Music.

MASON & HAMLIN, IS RECOMMENDED BY

### TWO HUNDRED of the most distinguished MUSICIANS, ORGANIST, AND ARTISTS

of America as unquestionably far superior to all other similar instruments. Among those who have given written testimonials to the superiority of THE CABINET ORGAN are such men and musicians as

Lowell Mason,
Thomas Hastings,
William B Bradbury, George F. Root, Henry S. Cutler, George W. Morgan, John Zundel, L. M. Gottschalk, and others,

embracing a great part of the musical talent of the country. It must be readily admitted that an instrument which receives the indorsement of such an array of the most competent musical judges must possess most decided points of excellence and superiority, and a careful and candid inspection will satisfy any one for himself that such is the case.

In 1853 Messrs. M. & H. commenced the manufaccipient Consumption, and for the relief ly the operation of these instruments in all their of Consumptive Patients in advanced parts and conditions, and, by employing the best workmen that could be obtained, and encouraging them to excel in their several departments, they were enabled to make valuable improvements, till in the So wide is the field of its Fall of 1855 they introduced to the public the OR-usefulness and so numerous GAN HARMONIUM, which was a decided advance are the cases of its cures; upon any similar instrument then known, and received the highest tokens of favor from the most distinguished musical critics and amateurs. Stimulated by this success, M. & H. renewed their efforts, and by the addition of still farther and more important improvements, they had the satisfaction, near the close of 1862, of presenting to the musical world the now

which for the following reasons is manifestly preferable to all other instruments of the Melodeon or Harmonium kind, and but little inferior to the costly pipe Organ, except for the larger class of churches and audience rooms:

1. Its organ-like quality of tone. Its great volume and power.

or about to purchase that it is

Its unequaled variety of expression. Its remarkable quickness of action. Its adaptation to both sacred and secula: music

6. Its great durability. Being made of first-class naterials, in the most workmanlike manner, it is not likely to get out of order, and may be transported with safety around the world.

7. Its great economy. Its cost is moderate; it occupies little room, and is warranted for five years. It is to such peculiarities that the great celebrity of the Cabinet Organ is due, and it should be most

distinctly noticed and remembered by all interested

Made only by Mason & Hamlin, and can be supplied only by them and their appointed agents. The Instrument is the result of inventions and improvements duly patented and held by M. & H., who place their imprint thus: " Mason & HAHLIN CABINET ORGAN," in gilt letters on every instrument. Purchasers will please observe whether or not the above lettering is on the instrument for which they ar negotiating, as parties have suffered by having inferior instruments palmed off upon them under the

representation that they were " Cabinet Organs," Mason & Homlin, Boston. NOVA SCOTIA AGENCY.

## TESTIMONIALS.

From GOTTSCHALK, the distinguished Pianist. I congratulate you on the introduction of a new musical instrument, long wanted, and sure to find its way into every household of taste and refinement which can possibly afford its moderate expense.

Your Cabinet Organ is truly a charming instrutheir Fall Importation is now complete, ment, worthy of the high plaise it has received, and comprising a large and beautiful variety of Fancy far superior to everything of its class I have seen. I and Staple Dry Goods, which, having been selected take pleasure in commending it most heartily as by one of the firm in the best markets in Great everywhere worthy a place beside the Pianoforte, to

New York, 22nd Sept., 1863. From John Zundel, Organist of Rev. Henry Ward

Beecher's Church.

Your Cabinet Organ surpasses anything in this line have yet seen, whether French or American. JOHN ZUNDEL.

From CARL ZERRAHN, Conductor of the Orchestral Union, Handle and Haydn Society, &c., Boston. They far surpass all other instruments of the kind that have come under my observation. For fullness, richness, and brilliancy of tone, they are, in my opinion, unequalled. CARL ZERRAHN.
