EXPORT OF CATTLE.—During the week before last there were shipped from this port for Bermuda, 155 Oxen, 150 Sheep, and 3 Horses. The steamer Alpha took, besides other live stock, 65 head of horned cattle.

TESTIMONIAL.—The Rev. Mr. Crisp, Curate of St. George's Parish, who is on a visit to England for a few months, was presented on his departure, with a respectful and affectionate Address, accompanied with a Purse containing the sum of two hundred and fifty dollars.

SAD ACCIDENT.—On Saturday last one of the passengers who came out in the Europa and was destined for Boston, and happened to delay a little too long about the city, arrived just as the steamer was starting. He attempted to jump on board, and succeeded so far as to get grasped by the hand by a fellow passenger; unfortunately however one of his legs got jammed between the steamer and the wharf and melancholy to relate was smashed to a jelly. He was taken to the Halifax Hotel, where his leg was amputated above the knee. It is said that his foot dropped off into the water at the wharf.

The Agent of the Sydney Coal Mining Association advertises in the Cape Breton News for 200 Colliers. The News also publishes a lengthy letter from the Colliers now on the strike, setting forth what they consider the hardships of their case.

DEATH OF A NOVA SCOTIAN IN THE FEDERAL ARMY.—The Boston Post announces that a recruit who was found dead in the barracks at Galloup's Island named Norman U. Upham, and was a native of Onslow, Nova Scotia. It is said that he committed suicide; having taken off his right boot in order to pull with his foot the trigger of his musket, the muzzle of which was pressed against his breast. He was buried on the Sunday before last. He enlisted under the name of Norman Johnson.

THE SEAL FISHERIES.—A telegram was received at Baddeck, C. B., on the 22d inst., from St. John's Nfld., stating that five vessels had arrived with twenty-five thousand seals. The steamer Osprey secured about 900.

HALIFAX AND BOSTON.—The Express says that a company has been formed in Boston, and the capital subscribed to build two good boats to ply between this city and Boston, and while they are building it is proposed to hire a first class vessel to put on the route.

A BLOCKADE RUNNER.—The fine blockade running steamer A. D. Vance arrived at this port on Tuesday evening, after a splendid run from Nassau of 44 days. She is to proceed to England for extensive repairs to her machinery &c.

Canada.

PICTOU & QUEBEC.—The steamer Lady Head was announced to leave Quebec on Saturday last for Pictou.

The Sunday before last, at Dubque, "the heavens were black with pigeons flying northward."

EARTHQUAKE IN QUEBEC.—The Montreal Telegraph of the 21st, inst., says:—A slight shock of an earthquake was felt at Quebec on Wednesday afternoon, at twenty minutes past one. It lasted about six seconds with considerable motion, and the usual rumbling sound. It was felt also at Father Point, L'Islet, and Dranville; two shocks being distinguished at these three places. At L'Islet the motion was so severe as nearly to upset several of the Grand Trunk cars.

ANOTHER INTERNATIONAL BRIDGE.—Buffalo April 5, 1864.—A meeting of commissioners of the International Bridge Company for a bridge between this point and Canada over the Niagara river, was held here yesterday afternoon. Over three millions of dollars were subscribed. The estimated cost of the bridge is only one million. Its speedy construction is looked upon as certain.

THE DIGGINGS.—The rush to the Chaudiere gold diggings has commenced. Several hundred adventurers are already on the ground, including many experienced miners from California. A large proportion of the adventurers are Americans, from the Eastern States, who in addition to the mineral attraction, thus get out of the influence of the draft.—Quebec paper.

COOL IMPOSITION.—On Wednesday a young woman of doubtful character, who was brought up before the Recorder of Montreal on a charge of being found in a state of intoxication, attempted to pass herself off as the daughter of a respectable man in the city, to whom she bears considerable resemblance. The policeman who took her in charge, believing her statement, had the gentleman in question sent for. On his arrival she was confronted with him, and still determined to carry out the imposture, cried out, "Oh! papa, papa, forgive me this time!" The gentleman was surprised at the likeness, but mildly disclaimed the relationship of the penitent, as he well knew he had left his daughter at home. She was then fined \$5, or one month, the latter being the most probable alternative.

A DECENT THIEF.—A few days since a cash-box, containing money and papers, was stolen from Mr. Horne's establishment in St. Francois Xavier street, Montreal. Subsequently the box was returned, but without the contents. The thief, however, seems to be a decent, accommodating fellow as may be seen from the following note which Mr. Horne has received from him. The owner of the money might perhaps, had he been at liberty to choose for himself, have selected some more profitable investment:—"Mr. Horne: Do not blame anybody for taking the cash-box; there is only one knows, and that is myself. You don't know me at all, but I know you by eyesight only. I wanted the money to buy something I wanted badly, but don't fret, you shall have all your money sent back to you perhaps before you expect it, and the interest at five per cent per annum along with it. Everything else that happens to be in the box will be sent back right off. I done the thing in such a manner as would not be found out. Blame no one you know; as I would feel bad, as I would be, at having any one get into a scrape for my theft. Yours, THE RASCAL FOR THE TIME BEING."

LATEST FROM THE STATES.

Times-Washington despatch says the President received despatch from General Butler stating his belief that Confederates are withdrawing from North Carolina and hastening to reinforce Lee. Lettér from Admiral Porter announces Banks' expedition a complete failure, losing 40 pieces of artillery, several hundred wagons, the gunboat Eastport, four thousand prisoners, and a million dollars in greenbacks. Generals Franklin and Stone will be relieved and probably court-martialed. Tribune's despatch says Gen. Butler is to take the field. Beauregard reported on way to Richmond, with a large body of troops. SATURDAY, April 30.—Sherman has reduced the allowance of camp equipage; the reason is believed to be a forward movement from Chattanooga, about 1st May; simultaneous with operations in Virginia. Twenty-five days rations at Knoxville, and surplus increasing. Scattered garrisons being called in. Only a few of the more important points will be held by militia. Commercial's despatch says Grant keeps his counsel, and friend and foe alike are mystified. Latest Red River reports say Magruder is between Gen. Steele and Shreveport. MONDAY, May 2nd.—A despatch from Washington to the New York Times says that officers from the front profess a belief that active operations will not commence just yet. The Confederates are busy throwing up more earthworks and digging rifle pits, covering various fords along the Rapidan. A letter from Fort Monroe of the 28th ult., to the New York "World," has a rumor from Confederate sources, that Washington, N. C., was taken on Monday, and that the investment of Newbern would soon follow. A despatch from Newbern confirms the capture of Plymouth. Gen. Wezel's band fought desperately for four days. Graham's Pain Eradicator.

From Mrs. WILLIAM GRAHAM, Broomfield, Carleton County, N. B., January 4th, 1864.

"In the summer of 1854 I was taken with Cramps in my Stomach, causing distressing pain and of such a severe kind that I was scarcely a week free of them and often had them daily. About two years ago the attacks began to terminate in fits and finally changed altogether to fits, and increased in frequency until last summer that I commenced the use of Graham's Pain Eradicator and his Vegetable Antibilious Pills. The second time of using these medicines stopped the disease, and before I had used one box of the Pills and bottles of the Pain Eradicator I was completely cured. It has had a surprising effect in my family in curing Rheumatism Pains in the side, Chillsains, &c."

"Thousands have filled a premature grave from the error of waiting for a 'cold to get well of itself' until it became settled into Consumption; but this may be averted by the timely use of Graham's Pain Eradicator, which is the best remedy in use for Coughs, Colds, Asthma, Headache, Rheumatic Affections, Erysipelas, Salt Rheum, &c., and for Eradicating Pain of every form. See the following Certificate of John Murphy, Esq., Coronor, Petersburg, Queen's County, N. B.—

"In the fall of 1861 one of my sons was seized with a severe Cold, his disease increased rapidly until he could not lie in bed at night from the effects of the cough, pain in the chest and spitting of blood, and he was considered in deep decline. Hearing of great cures being effected by Graham's Pain Eradicator, I procured a bottle of it which he used according to directions, and by the use of one bottle he was restored to perfect health and has remained so since. Consequently from this and other instances I have known I can confidently recommend it to the public as the best medicine in use. Given under my Hand this 6th day of November, 1863. JOHN MURPHY.
