AYER'S PILLS.

ARE you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the pre lude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take

Ayer's Pills, and cleaned out the disordered humorspurify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this revival and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentry, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure,

For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevere; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the a my and the west, try it and you will endorse these assertions.

THEY are perfectly safe. They act immediately without physic. They are palatable, and are eagerly taken by children, thereby possessing every advantage over the vermifuges now in use, which are so nauseous and troublesome to administer to children. They are warranted to contain nothing that would injure in the slightest degree the youngest or most delicate Infant; so simple is their composition that they may be used as a simple purgative instead of Castor Oil or Powders, &c.

They are made with great care from the purest Medicines, and are especially recommended for their safe and speedy action, freedom from all mercurial agents, which often prove injurious to children. They are prepared without regard to economy, and contain the purest and best vegetable Medicines known. It is a fact that worms cause nearly all the ilis that children are subject to, and the symptoms are too often mistaken for those of other complaints,—but, with very little attention, the motner eannot mistake. Amongst the many symptoms of.

MASON & HAMLIN'S CABINET ORGANS, FOR

Families, Churches, and Schools, ADAPTED TO SACRED AND SECULAR, CHURCH AND HOME MUSIC.

They are elegant as pieces of furniture, occupy little space, are not liable to get out of order, and every one is warranted for five years.

The CABINET ORGANS, introduced about a year since, and manufactured exclusively by MASON & HAMLIN, have met with success unprecedented in the history of musical instrumennts. Supplying a long-felt want, they have been received with the greatest favor by the musical profession and the public, have already been very widely introduced, and the demand for them is still rapidly increasing, and must continue to increase as their merits become known. They are to private houses, Sunday-schools, and smaller churches all that the larger pipe organs are to large churches. In addition to this, they are admirably adapted to the performance of Secular as well as Sacred Music.

The CABINET ORGAN is essentially different from and a very great improvement upon all instruments of the Meledeon or Harmonium kind. Its su perior excellence consists in many important characteristics, among which are:

1. The more organ-like character of its tone. 2. It has greatly more power and volume of tone

in proportion to its cost. 3. By the employment of a very simple and beauti

ful invention, its capacity for expression is made vastly greater than has ever before been attained in such instruments. This invention is especially valuable, because scarcely any practice is necessary to render it available. Any ordinary performer can master it in an hour or two.

4. It admits of great rapidity of execution, adapting it to the performance of a greater variety of lively secular music.

No instrument is less liable to get out of order. 6. It will remain in tune ten times as long as a Piano-forte.

It may be reasonably said that if these instru-ments have the great and obvious superiority thus claimed for them, they must have received very warm recommendations from professional musicians, who would naturally be most interested in the introduction of such instruments, and who are the best judges of their excellence. Such recommendations have already been given to them to an extent unparalleled. Among those who have proffered written testimony to their admirable qualities and great desirability, and that they regard them as UNEQUALED by any other instruments of their class, are such well-known musicians as Lowell Mason, Thomas Hastings, William B. Fradbury, George F. Root, etc.; the most distinguished Organists in the country, as Cutler, of Trinity Church, N. Y.; Morgan, of Grace Church; Zundel, of Mr. Beecher's Church; Braun, Wels, Wilcox, Tuckerman, Zerrahn, etc.; such celebrated Pianists as Gottschalk, Wm. Mason, Mills, Sanderson, Strakosch, etc. In brief, more than two hundred musicians, including a large portion of the most eminent in the country, have testified to this effect. Each CABINET ORGAN is securely boxed, so that it can be sent safely to any distance.
