

Baptists who thought that if Dalhousie College could be vitalized it would be a good thing.

Hon. Mr. Dickie quite agreed with the hon. member so far as the action of this house with regard to the Dalhousie College act was concerned, and so far as he knew elsewhere. He did not intend to say a word as to the general policy of the measure. There were two courses that could now be taken, either to interfere with the policy of the measure passed last session which might not be necessary, or simply to demand payment of the debt due the Province by the Colleges which could be done consistently with the act. He did not oppose the bill last year, because the general current of feeling in the house was in favor of it, but he threw out the suggestion that the passing of the bill was not the way to deal with the question. The hon. Gentleman had taken exception to the concluding part of the petitions from Acadia College. It was only right that he (Mr. D.) should say that he was present on a public occasion at Anherst, when the learned gentleman expressed his views before the Baptist Convention, and that on that occasion he stood alone.

Hon. Mr. McCully stated that the hon. gentleman was quite correct in saying that he (Mr. McC.) stood alone on the occasion referred to, but he neither moved nor seconded any resolution at that time. He had only done on that occasion just what he had now done here. The hon. gentleman had stated that there was a strong feeling in this house last session in favor of the bill. He (Mr. McC.) did not know how he arrived at that conclusion. There was very little said about the bill one way or the other.

Hon. Mr. Pinceo agreed with the hon. gentleman who spoke last that there was nothing clandestine in the way in which the bill was passed. He (Mr. P.) had not examined the bill very closely, as it was pretty late in the session when it was brought up to this house. As his hon. colleague (hon. Mr. Dickie) had stated, there was not the same opportunity of remonstrating against it as if it had been introduced at an earlier period of the session. He (Mr. P.) was not prepared to give any opinion with regard to the bill, or to say whether it was a good or a bad measure. Petitions were forwarded to him and he presented them as he did any other petitions sent to him.

Hon. Mr. McCully observed that although the bill came to this house late in the session it was introduced in the Assembly on the 10th March, so that it was before the country for some six or seven weeks before it passed.

Hon. Mr. Holmes had never seen so many petitions before, all from one workshop. The Dalhousie College building had been erected some forty years ago, and for a considerable portion of that period it had been occupied sometimes as a common school, sometimes as a school of a higher nature, sometimes as a hospital, sometimes as a lumber room, and during all that time nothing was said about it. Now, however, that the time had come that it was made really useful, petitions against it came like a thunder storm from all parts of the country. It was said that the College had a Presbyterian aspect. Whose fault was that? It was free as the light of heaven to any denomination or any individuals who would endow a professorship in it. Gentlemen who had been in the receipt of the money of the Province for many years—some of them for 40 years—were not satisfied with getting all the money they could, but must have this £5000 from Dalhousie. The subject was then dropped.

Marriages.

At Ulva House, Margaree, C. B., on the 10th Feb., 1864, by the Rev. Ronald MacDonald, Mr. Wm. Burton, to Eliza Hart, third daughter of Mr. Wm. Hart, of Margaree.

It is important that those who go on excursions for pleasure or health should make some provisions against the attacks of bowel diseases, which not only cause them great inconvenience, but are sometimes fatal in their results. A bottle of PERRY DAVIS' PAIN KILLER is, we have found, a most effectual remedy against such attacks. Visitors to Montreal and Quebec are subject to the kind diarrhoea called the Montreal Cholera, against which the Pain Killer is a sure remedy.

Sold by Avery Brown & Co., and Brown, Brother & Co.

FOR SALE,

A DWELLING HOUSE, Barn, and Out-houses, with forty Acres of land on the Post road, at Smith's Cove, in the County of Digby. A good Mill privilege on the premises is very pleasantly situated, also a wharf and storeroom.

ALSO,—The Schr. Reindeer, of 50 tons burthen, would make a good Fisherman or Conster, is well found and could be sent to sea with small expense. For particulars apply to WILLIAM H. SULIS, Smith's Cove, Digby County, Feb. 3rd. 2 mths.

Valuable and pleasantly situated Farm, for Sale.

The Subscriber offers for sale his FARM, situated in the parish of Sackville, containing from four to five hundred acres of good Upland—from twenty-five to thirty acres of which are under cultivation; with an abundance of Pasture Land, through which the Sackville River flows. The remainder is covered with a good growth of Hard and Soft Wood. The property is about 15 miles from Halifax, on the Windsor Road, and one mile from the Railway Station at Beaver Bank, from which there is a carriage road leading to the Farm. On the premises there is a large, well-finished HOUSE, two BARNs, Out-houses, &c.; and a Well, affording an abundant supply of Water at all seasons of the year. Containing so much tillage land and well watered Pasture; situated so near the City, and accessible either by Rail or carriage, this Farm is especially adapted for a Dairy, and for the raising of Market Produce; or would be a most beautiful situation for any gentleman wishing to possess a Country Seat, and is well worthy the attention of intending purchasers of such residences. Will be sold at a Bargain, if applied for early.

For terms and other particulars apply to WILLIAM ELLIS, Grocer, 211 Granville Street, Or to the Subscriber on the premises. Sackville, Feb. 1st, 1864. Feb. 10th. 3m.

DON'T LET YOUR CHILDREN SUFFER WITH WORMS!

WOODILL'S WORM LOZENGES.

51,516 Boxes sold in 1863.

THEY are perfectly safe. They act immediately without physic. They are palatable, and are eagerly taken by children, thereby possessing every advantage over the vermifuges now in use, which are so nauseous and troublesome to administer to children. They are warranted to contain nothing that would injure in the slightest degree the youngest or most delicate infant; so simple is their composition that they may be used as a simple purgative instead of Castor Oil or Powders, &c.

They are made with great care from the purest Medicines, and are especially recommended for their safe and speedy action, freedom from all mercurial agents, which often prove injurious to children. They are prepared without regard to economy, and contain the purest and best vegetable Medicines known. It is a fact that worms cause nearly all the ill that children are subject to, and the symptoms are too often mistaken for those of other complaints,—but, with very little attention, the mother cannot mistake. Amongst the many symptoms of

WORMS IN CHILDREN.

are the following: A pale, and occasionally flushed, countenance; dull, heavy eyes; irritated, swollen, and often bleeding nose; headache, slimy and far-red tongue; foul breath; variable, and sometimes almost voracious, appetite; vomiting, costiveness, uneasy and disturbed sleep, and many more; but whenever the above are noticed in children, the cause invariably is WORMS, and the remedy—WOODILL'S WORM LOZENGES. A cure is certain in every case, when a faithful trial is given.

The following medical authority is worthy of attention: "Having examined the prescription from which Woodill's Worm Lozenges are prepared, I can state that they contain the most wholesome ingredients. I can also certify that they are efficacious, having used them in my practice. (Signed) HENRY B. FORMAN, M. D., Halifax, February 9, 1860. Surgeon."

DARTMOUTH, October 28th, 1861.

"I hereby certify that I have made use of Woodill's Worm Lozenges in my treatment of worm cases with much satisfaction to myself and patients; and having examined the prescription from which they are made, I am enabled to testify that they are perfectly safe and efficacious, and hereby cheerfully recommend them to the public. T. B. DESBRISAY, M. D.

Hundreds of certificates of their efficacy have been received. Ask for WOODILL'S WORM LOZENGES, to be had at the

City Drug Store, Halifax.

and from dealers in Medicine generally throughout the Province. A. H. WOODILL, Successor to JAS. L. WOODILL, 131 Hollis Street.
