admirably adapted to the performance of Secular as well as Sacred Music.

The CABINET ORGAN is essentially different from and a very great improvement upon all instruments of the Melodeon or Harmonium kind. Its superior excellence consists in many important characteristics, among which are:

1. The more organ-like character of its tone.
2. It has greatly more power and volume of tone in proportion to its cost.
3. By the employment of a very simple and beautifranklin, Hilston, Gloucester.

3. By the employment of a very simple and beautiful invention, its capacity for expression is made vastly greater than has ever before been attained in such instruments. This invention is especially valuable, because scarcely any practice is necessary to render it available. Any ordinary performer can master it in an hour or two.

4. It admits of great rapidity of execution, adapting it to the performance of a greater variety of lively secular music.

5. No instrument is less liable to get out of order.

6. It will remain in tune ten times as long as a Piano-forte.

Ayer's Pills, and oleanse out the disordered humorspurify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the sys.em f om the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural f notions These if not relieved, react upon themselves and the surrounding organs, producing eneral aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see los diredly they restore the natural action of the system, and with it the buryant feeling of health again. What is true and so apparent in this revival and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentry, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worlds and Suppression, when taken in large

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure,

For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Perio lical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Caills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the a my and the west, try it and you will endorse these assertions.
