MASON & HAMLIN'S CABINET ORGANS, FOR Families, Churches, and Schools, ADAPTED TO SACRED AND SECULAR, CHURCH AND HOME MUSIC.

They are elegant as pieces of furniture, occupy little space, are not liable to get out of order, and every one is warranted for five years.

The CABINET ORGANS, introduced about a year since, and manufactured exclusively by MASON & HAMLIN, have met with success unprecedented in the history of musical instruments.

- 1. The more organ-like character of its tone. 2. It has greatly more power and volume of tone in proportion to its cost. 3. By the employment of a very simple and beautiful invention, its capacity for expression is made vastly greater than has ever before been attained in such instruments. 4. It admits of great rapidity of execution, adapting it to the performance of a greater variety of lively secular music. 5. No instrument is less liable to get out of order. 6. It will remain in tune ten times as long as a Piano-forte.

It may be reasonably said that if these instruments have the great and obvious superiority thus claimed for them, they must have received very warm recommendations from professional musicians, who would naturally be most interested in the introduction of such instruments, and who are the best judges of their excellence.

Persons residing at a distance can order by mail with entire confidence of receiving as perfect an instrument as though selected in person at our Ware rooms.—No deduction from the price, which are invariable.—Terms, Cash. Address MASON & HAMLIN, 374 Washington St., Boston, Mass., U. S. A. April 20.
