Music.

The Cabinet Organ, AND WHAT IT IS.

The grand old Organ that has for centuries filled Church, Palace, and Cathedral with its colossal harmonies, is becoming daily more valued and appreciated by religious assemblies, and its almost universal introduction into the churches has been prevented only by its great cost.

A MUSICAL WONDER.

The CABINET ORGAN, perfected and patented by Mason & Hamlin, of Boston, has now been before the public but two years, and yet such are its unequalled qualities that it has found its way into

CHURCH, SCHOOL, AND FAMILY,

in all parts of our country. The Art Critic of the New York Tribune says of it in his department: "It has been blown by the wind of genuine success from Boston to San Francisco."

The Rev. Dr. PRIME, the well-known editor of the New York Observer, in his editorial correspondence, speaking of the insufficiency of the Melodeon to take the place of the Pipe Organ, says: "But the want is fully met by the Cabinet Organ. With your eyes shut you cannot distinguish its sound from that of the Pipe Organ itself."

200 Organists and Pianists,

the most eminent of their profession in the country, have given written testimony to the superiority of these instruments over all others of their class.

SACRED AND SECULAR MUSIC,

and it is believed that it will bear no unimportant part in educating and establishing a popular and correct musical taste wherever it goes.

Pastors, teachers, parents, and all who are interested in the selection of the best instruments, are requested to send for our descriptive circular of the Cabinet Organ. We also invite the most critical examination of our instruments.

Being desirous of introducing the valuable instruments manufactured by Mason & Hamlin into this Province, I have secured an Agency whereby I am enabled to obtain them for those who wish to possess one of these delightful aids to a cultivation of Music, at rates more favorable than if purchased in Boston.

DON'T LET YOUR CHILDREN SUFFER WITH WORMS! BUT USE WOODILL'S WORM LOZENGES.

51,516 Boxes sold in 1863.

THEY are perfectly safe. They act immediately without physic. They are palatable, and are eagerly taken by children, thereby possessing every advantage over the vermifuges now in use, which are so nauseous and troublesome to administer to children.

WORMS IN CHILDREN.

are the following: A pale, and occasionally flushed, countenance; dull, heavy eyes; irritated, swollen, and often bleeding nose; headache, slimy and furred tongue; foul breath; variable, and sometimes almost voracious, appetite; vomiting costiveness, uneasy and disturbed sleep, and many more; but whenever the above are noticed in children, the cause invariably is WORMS, and the remedy—WOODILL'S WORM LOZENGES. A cure is certain in every case, when a faithful trial is given.

The following medical authority is worthy of attention: "Having examined the prescription from which Woodill's Worm Lozenges are prepared, I can state that they contain the most wholesome ingredients. I can also certify that they are efficacious, having used them in my practice."

Hundreds of certificates of their efficacy have been received. Ask for WOODILL'S WORM LOZENGES, to be had at the City Drug Store, Halifax, and from dealers in Medicine generally throughout the Province.
