Music.

The Organ, AND WHAT IT IS.

The grand old Organ that has for centuries filled Church, Palace, and Cathedral with its colossal harmonies, is becoming daily more valued and appreciated by religious assemblies, and its almost universal introduction into the churches has been prevented only by its great cost. This obstacle is now removed by the process of invention, improvement, and perfection, as applied to the Melodeon and Harmonium, and we have the result in an instrument which, considering its bulk and cost, is

A MUSICAL WONDER.

The Cabiner Organ, perfected and patented by Mason & Hamlin, of Boston, has now been before the public but two years, and yet such are its unequaled qualities that it has found its way into

CHURCH, SCHOOL, AND FAMILY in all parts of our country. The Art Critic of the New York Tribune says of it in his department: "It has been blown by the wind of genuine success from Boston to San Francisco. . . That M. & H. have succeeded in making a better small instrument than any other-from little bandbox-like things to those which, though portable and not larger than a piano, can make themselves felt in a church—is the universal opinion of the musical profession. They agree that no such mechanical works of the kind can be found in equal perfection in Europe. The tone is pure and fuil, and with an immense body for so small a provocative mechanical force. They stand rough traveling, bad usage, and will live in climates which kill American missionaries."

The Rev. Dr PRIME, the well-known editor of the New York Observer, in his editorial correspondence, speaking of the insufficiency of the Melodeon to take the place of the Pipe Organ, says: "But the want is fully met by the Cabinet Organ. With your eyes shut you cannot distinguish its sound from that of the Pipe Organ itself. It is admirably adapted to the performance of sacred music, psalm tunes, anthems, chants, &c., and it is a grand accommaniment when the congregation sings, and is just the instrument that ought to be used in all churches where the people all wish to have the privilege of bearing a part in the

200 Organists and Pianists,

the most eminent of their profession in the country, have given written testimony to the superiority of these instruments over all others of their class. The Cabinet Organ is, in brief, commending it elf to musicians and to the people everywhere. Its great power, its purity and sweetness of tone, and its scope D heumatism, Neuralgia, Spinal Complaints, construction, cannot fail to make it a universal favorite. Such is the degree of perfection to which the instrument has been brought, that it is alike suited to the purposes of churches, halls, schools, and private parlors, and is admirably adapted to both

SACRED AND SECULAR MUSIC, and it is believed that it will bear no unimportant part in educating and establishing a popular and correct musical taste wherever it goes.

Pastore, teachers, parents, and all who are interested in the selection of the best instruments, are requested to send for our descriptive circular of the Cabinet Organ. We also invite the most critical examination of our instruments:

AYER'S PILLS.

ARE you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the pre lude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take

Ayer's Pills, and cleanse out the disordered humorspurify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this revival and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentry, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large They are Sugar Coated, so that the most sensitive

can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure,

For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect what-ever. Shaking brothers of the a my and the west, try it and you will endorse these assertions.
