A Slight Cold, Cough, NWO Maatseness, or Sate BRONCHIAL Shreat, which might be checked with a simple rem-

Arown's Aranchial Traches were first introduced eleven years ago. It has been proved that they are the best article before the public for faughe, Calde, Aranchitie, Hethma, Catarrh, the Hacking Cough in Bansumption, and numerous affections of

The HIGH-BAT PREMIUM was awarded this machine at the late fair of the American Institute, also at the fair of the Franklin Institute, Syracuse, over all others in competition with it, and the same has been awarded it wherever it has been exhibited in competition. This machine is the one now used by the electricians of New York and elsewhere.

It is performing the most wonderful cures and has never been known to produce any unfavourable results,-for this reason it should be in every family in the landsestastean vacanos edt in

RY ALBERT D. BICHABDSON. N. Y. TRIBUNE CORRESPONDENT.

70,000 Copies Sold in Sixty Days !

The most interesting and exciting book ever pub-lished, embracing Mr. Richardson's unparal eled experience for four years. Travelling through the South in the secret service of the "Tribune" at the outbreak of the war, with our armies and fleets, both East and West, during the first two years of the Rebellion ; his thrilling capture ; his confinement for twenty months in seven different Rebei prisons : his escape, and almost miracolous journey by night of nearly 400 miles. It will abound in stirring events, and contain more of the fact, incident, and romance of the war, than any other work yet published. Horace Greely says of it ;---

" A great many books will yet be written concerning this war, in addition to the many already in print : but not one of them will give, within a similar compass, a clearer, fuller, more readable account, entirely from personal observation, of the nature, animus, purposes, tendencies, and instru-mentalities of the slaveho'de's Rebellion, than does the unpretending narrative of Mr. Richardson."

Teachers, ladies, energetic young men, and especially returned and disabled officers and soldiers, in want of profitable employment, will find it particularly adapted to their condition. Send for circulars. Address
