ANCERSI

Cancers can be cured.

URING the last six years residence in the town of Guysborough, the Rev. A. F. An e perienced Nurse and Female Physician, pre-Porter has cured 46 cancers, and not in a single in-stance where he has applied his Sovereign Remedy has he failed to effect a Permanent cure. The process is very simple, quick, easy and in all cases where the cancer is not broken perfectly safe, persons afflicted with this dreadful disease, should apply for a cure as soon as possible, for the longer they delay the mere difficult it is to cure. He will not make a charge unless he first makes a cure, and then it will be but a trifle, to pay for the Medicine. Apply to A. F. PORTER. Intercolonial Book Store.

ARE the most perfect purgative which we are able to produce or which we think has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant

to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they enre the every-day complaints of everybody, but also for-midable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being augar-coated, they are pleasant to take; and, being purely vegetable, are free from any risk of harm. Oures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to for-bid the suspicion of untruth. Many eminent elergy-men and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that, our Preparations contribute immensely to the relief of our afflicted, suffering fellow men. The Agents below named are pleased to furnish
