MUSIC. The Cabinet Organ. MANUFACTURED BY MASON & HAMLIN.

IS RECOMMENDED BY TWO HUNDRED of the most distinguished MUSICIANS, ORGANIST, AND ARTISTS

of America as unquestionably far superior to all other similar instruments. Among those who have given written testimonials to the superiority of THE CABINET ORGAN are such men and musicians as Lowell Mason, Thomas Hastings, William B. Bradbury, George F. Root, Henry S. Outler, George W. Morgan, John Zundel, L. M. Gottschalk, and others.

embracing a great part of the musical talent of the country. It must be readily admitted that an instrument which receives the indorsement of such an array of the most competent musical judges must possess most decided points of excellence and superiority, and a careful and candid inspection will satisfy any one for himself that such is the case.

In 1853 Messrs. M. & H. commenced the manufacture of improved Melodeons. They studied constantly the operation of these instruments in all their parts and conditions, and, by employing the best workmen that could be obtained, and encouraging them to excel in their several departments, they were enabled to make valuable improvements, till in the Fall of 1855 they introduced to the public the ORGAN HARMONIUM, which was a decided advance upon any similar instrument then known, and received the highest tokens of favor from the most distinguished musical critics and amateurs.

Stimulated by this success, M. & H. renewed their efforts, and by the addition of still farther and more important improvements, they had the satisfaction, near the close of 1862, of presenting to the musical world the now justly celebrated

CABINET ORGAN, which for the following reasons is manifestly preferable to all other instruments of the Melodeon or Harmonium kind, and but little inferior to the costly pipe Organ, except for the larger class of churches and audience rooms:

- 1. Its organ-like quality of tone. 2. Its great volume and power. 3. Its unequalled variety of expression. 4. Its remarkable quickness of action. 5. Its adaptation to both sacred and secular music. 6. Its great durability. Being made of first-class materials in the most workmanlike manner, it is not likely to get out of order, and may be transported with safety around the world. 7. Its great economy. Its cost is moderate; it occupies little room, and is warranted for five years.

It is to such peculiarities that the great celebrity of the Cabinet Organ is due, and it should be most distinctly noticed and remembered by all interested or about to purchase that it is

Made only by Mason & Hamlin, and can be supplied only by them and their appointed agents. The instrument is the result of inventions and improvements daily patented and held by M. & H., who place their imprint thus: "MASON & HAMLIN CABINET ORGAN," in gilt letters on every instrument. Purchasers will please observe whether or not the above lettering is on the instrument for which they are negotiating, as parties have suffered by having inferior instruments palmed off upon them under the representation that they were "Cabinet Organs."

TESTIMONIALS. From GOTTSCHALK, the distinguished Pianist. I congratulate you on the introduction of a new musical instrument, long wanted, and sure to find its way into every household of taste and refinement which can possibly afford its moderate expense.

Your Cabinet Organ is truly a charming instrument, worthy of the high praise it has received, and far superior to everything of its class I have seen. I take pleasure in commending it most heartily as everywhere worthy a place beside the Pianoforte, to which it is a fine complement, from its capacity for rendering much delightful music, sacred and secular, classic and popular, to which the Piano is not adapted.

New York, 22nd Sept., 1863. From JOHN ZUNDEL, Organist of Rev. Henry Ward Beecher's Church. Your Cabinet Organ surpasses anything in this line I have yet seen, whether French or American.

JOHN ZUNDEL. From CARL ZERRAHN, Conductor of the Orchestral Union, Handel and Haydn Society, &c., Boston. They far surpass all other instruments of the kind that have come under my observation. For fullness, richness, and brilliancy of tone, they are, in my opinion, unequalled.

CARL ZERRAHN.

AYER'S CHERRY PECTORAL, For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use.

When once tried, its superiority to every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that they can never forget and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent persons, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.

Those who require an alternative medicine to purify the blood will find AYER'S CURE, EXTRACT OF SASSAPARILLA the remedy to use. Try it once, and you will know its value.

Prepared by J. C. AYER & CO., Lowell, Mass., sold by Druggists and Agents everywhere. Sold at wholesale and retail by Avery, Brown & Co., Halifax, N. S.; Geo. A. Bayard, St. John, N. B.; W. E. Watson, Charlottetown, P. E. I. Dec. 14.
