Advertisement for The Cabinet Organ, featuring an illustration of the organ and text describing its quality and availability.

The Cabinet Organ, MANUFACTURED BY MASON & HAMLIN.

IS RECOMMENDED BY TWO HUNDRED of the most distinguished MUSICIANS, ORGANIST, AND ARTISTS

of America as unquestionably far superior to all other similar instruments. Among those who have given written testimonials to the superiority of THE CABINET ORGAN are such men and musicians as

- Lowell Mason, Thomas Hastings, William B. Bradbury, George F. Root, Henry S. Cutler, George W. Morgan, John Zundel, L. M. Gottschalk, and others.

embracing a great part of the musical talent of the country. It must be readily admitted that an instrument which receives the endorsement of such an array of the most competent musical judges must possess most decided points of excellence and superiority.

In 1853 Messrs. M. & H. commenced the manufacture of improved Melodions. They studied constantly the operation of these instruments in all their parts and conditions, and, by employing the best workmen that could be obtained, and encouraging them to excel in their several departments, they were enabled to make valuable improvements, till in the Fall of 1855 they introduced to the public the ORGAN HARMONIUM, which was a decided advance upon any similar instrument then known.

CABINET ORGAN.

which for the following reasons is manifestly preferable to all other instruments of the Melodion or Harmonium kind, and but little inferior to the costly pipe Organ, except for the larger class of churches and audience rooms:

- 1. Its organ-like quality of tone. 2. Its great volume and power. 3. Its unequalled variety of expression. 4. Its remarkable quickness of action. 5. Its adaptation to both sacred and secular music. 6. Its great durability. 7. Its great economy.

It is to such peculiarities that the great celebrity of the Cabinet Organ is due, and it should be most distinctly noticed and remembered by all interested or about to purchase that it is

Made only by Mason & Hamlin, and can be supplied only by them and their appointed agents.

The instrument is the result of inventions and improvements duly patented and held by M. & H., who place their imprint thus: "MASON & HAMLIN Cabinet Organ" in gilt letters on every instrument.

Mason & Hamlin, Boston. NOVA SCOTIA AGENCY, 59 Granville Street, Halifax N. S. Dec. 29.

TESTIMONIALS.

From GOTTSCHALK, the distinguished Pianist. I congratulate you on the introduction of a new musical instrument, long wanted, and sure to find its way into every household of taste and refinement.

From JOHN ZUNDEL, Organist of Rev. Henry Ward Beecher's Church. Your Cabinet Organ surpasses anything in this line I have yet seen, whether French or American.

From CARL ZERBANS, Conductor of the Orchestral Union, Handel and Haydn Society, Boston. They far surpass all other instruments of the kind that have come under my observation.
